EMERGENCY/MEDICAL HOST SITE REQUIREMENTS

Per AIA Executive Board approved policy, **AIA Member Schools Administration** must engage a qualified medical professional (QMP) or Emergency Medical Technician (EMT) for all AIA State Baseball games at high seed site locations.

At all AIA managed State Baseball games at neutral site locations, the AIA has the responsibility to engage a qualified medical professional (QMP) or Emergency Medical Technician (EMT) at the neutral site.

Method of Payment for QMP/EMT:

- Refer to <http://aiaonline.org/about/procedures-manual> QMP/EMT Coverage/Protocol instructions.
- **NOTE: If ONLY an EMT is at the game, any player removed due to suspected head injury or concussion will not be allowed to enter or re-enter the game based on an EMT evaluation. Return to play or practice can only be based on evaluation by a QMP (Arizona Revised State Statute 15-341).**

Site Director Responsibility: **Enforcing the AIA Media Credential Policy**

Postseason Broadcasting

All schools have the opportunity to broadcast postseason events. However, schools that utilize the Pixellot automated camera system and/or produce broadcasts as part of the NFHS Network Student Broadcast Program (SBP) will have exclusivity. First rights belong to the home/host schools on the NFHS Network. Second rights belong to visiting schools or third parties that broadcast onto the NFHS Network when the home/host school is not on the Network. Third rights belong to non-Network entities that broadcast onto a platform other than the NFHS Network.

Schools will be allowed to broadcast the first two postseason rounds in any bracketed sport, and anything that is not the state championship in individual sports. Additionally, schools may broadcast any declined events by the NFHS Network. For any school broadcasts that will not be on the NFHS Network, please fill out the [Media Rights Agreement](#) and send it in prior to the deadline date listed on it. Rights fees will apply. Please wait until after postseason pairings have been announced before sending the form in.

- The NFHS Network will directly broadcast all state semifinal and championship games, and the track & field championship finals.
- Home/host athletic directors must not allow broadcasts to take place at their facilities without an executed Media Rights Agreement sent to them ahead of time.
- Radio/audio only broadcasts will be free and allowed throughout all rounds of the postseason. A Media Rights Agreement must be filled out for this type of broadcast as well.

2023 Baseball Media Recommendations

- Media will be required to stay outside the fenced areas of the field unless given permission to be in the media box on the field. Media can only be on the field with permission from the host administrator ahead of time. Media should be allowed on the field for interviews after the conclusion of the event.
- The dugout and press box will be off limits to all non-team personnel. Media should keep stats themselves to the best of their abilities. If stats are needed after an event, one member of the home team should be identified as the person to provide that information. This meeting should take place either outside the press box or on the field following the conclusion of the event. An area just outside each team's dugout would be ideal to conduct interviews. Host administrators have the right to keep media off the field at all times and allow interviews to be conducted outside the fenced areas. Schools will be asked to keep all their players and coaches nearby for a few minutes allowing media to identify potential interviews.
- Broadcasts of the event are recommended to be placed outside the press box, at a safe distance from other broadcasts, working media and fans, and have access to power.
- Media looking to cover an event must contact the home/host athletic director and athletic secretary notifying that outlet is wanting to cover the event.

Member school contact info can be found at <http://aiaonline.org/schools>. Once again, please remember to download the AIA Approved Media and AIA School Media lists to use at the gates for signing in the media and school media.

2024 AIA State Baseball Tournament Guide

Site Director (Media):

- For postseason rounds of AIA state championships, the host school/site should cooperate with news media representatives in providing them access to a work area following an AIA state championship contest to aid in filing reports on the contest.
- Schools/host sites are required to allow entry to any properly credentialed media entity for a postseason contest.
- **The AIA operates under a closed locker room policy at all AIA events. At no time will media representatives be granted this access. Team boxes, team benches, team huddles and dugouts are considered extensions of locker/dressing rooms.**

State Championship Game Protocols

The AIA Staff understands the importance and excitement throughout a school community when involved in a State Championship Game. With this in mind, and the top priorities of safety and sportsmanship, below are Championship Game Protocols:

- **Pre-game Meeting** – This will be a short “safety and protocols” meeting 60 - 75 minutes before the scheduled first pitch. Required to attend: Participating Schools Admin, Head Coach, Umpire Crew Chief, AIA Site Admin, Security and/or PD at Site.
- All uniformed players, School Board approved Assistant Coaches, and the Head Coach will be announced pre-game, before the National Anthem.
- Special pre-game or “between innings” awards or recognitions may be given by the AIA (example - Sportsmanship Award or Anniversary Teams).
- The State Runner-up Trophy and then the State Championship Trophy will be awarded immediately after the game. Only after the trophy presentation may the teams go to the designated area to celebrate and/or have their team meeting. The AIA and the venue management require that all dugouts, sidelines and locker rooms be cleaned by participating schools in an effort to show respect for next teams and the facility!
- No spectators will be allowed onto the field at any time. Spectators can meet their teams in designated areas on the concourse after the games.

PARTICIPATING SCHOOL ADMINISTRATOR RESPONSIBILITIES:

CONTROL OF SPECTATOR BEHAVIOR

Any spectator conduct that becomes unruly or interferes with the orderly progress of the game will result in the suspension of the game until offending spectator(s) are removed from the game site. No artificial noise makers are permitted at state playoff venues. If these items are brought into a game site, the items will be confiscated. In addition, the playing of music/sound effects shall only be permitted during pre-game, time-outs, intermission and post-game and will be under the control of the site game announcer.
