Accounting: RefPay

RefPay: REMINDERS & PROCESS

- To initiate AIA RefPay for your school - issue a check payable to the AIA
- All deposits must be processed through the AIA. Please do not send checks directly to RefPay or the bank as the school does not have a contract or an account with RefPay or the bank. The contract/account is between the AIA and RefPay.
- A Purchase Order is a request for an

invoice and will not fulfill the AIA-RefPay activity as it relates to your school.

- Purchase Orders and Invoice requests should be submitted via e-mail to ddoser@aiaonline.org or mferrell@aiaonline.org . An invoice will be sent via return e-mail.
- The online access through the AIA-RefPay portal is for *viewing and printing purposes only* ("read only") of the member school's activity as it relates to the AIA RefPay payments.
- No transactions can be generated by the school.
- The official's payment is approved through the "AIA Game Screen" when the score is updated and officials are marked 'attended' through the AIA administrative website by the member school.
- All member school contact regarding RefPay must be done through the AIA - *as the school does not have a contract or an account with RefPay.*
- No security questions or profile items can be changed by member schools. All are unique to AIA's account with RefPay.
- Any requests for password changes must be done through the AIA; e-mail requests to ddoser@aiaonline.org.

Any questions please call/email Denise Doser, Director of Accounting at 602.385.3819 or ddoser@aiaonline.org

A Note from Dr Parsons

This important statement is the product of a collaboration between several national organizations, including representatives from the National Athletic Trainers' Association, the National Federation of State High School Associations (NFHS), and the National Collegiate Athletic Association (NCAA), among others.

The purpose of the statement is to address a growing national concern of sports medicine providers, including physicians and athletic trainers, with the potential for conflicts of interest and bias inherent in many current employment and administrative arrangements for the provision of sports medicine services in both high schools and colleges /universities. The statement asserts the importance of "athlete-centered medicine" and clearly establishes that medical decisions for student athletes should be made without interference from personal or professional bias, and should be primarily based on what is in the best interest of the student-athlete's health and welfare. Those decisions are the primary legal responsibility of team physicians working collaboratively with athletic trainers, and should be made objectively and in a manner free from influence or threat.

The statement also reminds non-providers, such as administrators and coaches of the shared responsibility that they have to sport safety and to the health and safety of their student athletes. Lastly, it provides important guidance for the administrative structure and oversight of sports medicine services, especially the employment of athletic trainers. This guidance minimizes the risk of conflicts of interest, while maximizing the parity and equity of the employment environment, as well as the organizational benefits of employing sports medicine professionals.

Wrestling - Skin Lesion Medical Release Form

The NFHS Sports Medicine Advisory Committee has developed a medical release form for wrestlers to participate with skin lesion(s).

The NFHS Sports Medicine Advisory Committee conducted a survey among specialty, academic, public health and primary care physicians and reviewed extensively the literature available on the communicability of various skin lesions at different stages of disease and treatment. No definitive data exists that allow us to absolutely predict when a lesion is no longer shedding organisms that could be transmitted to another wrestler.

The Committee feels that the components of the form are very relevant to addressing the concerns of coaches, parents, wrestlers and appropriate health-care professionals that led to the research into this subject and to the development of this form.

Please click on the following link for further information and the skin lesion release form.
