New Championship Leads To New Cover Look

By Jose Garcia
azpreps365.com

Hello.

If you've seen the back issues of the Sollenberger's AZ Football Prep Magazine, you probably noticed the change to this year's cover.

We took a different approach this year because of the introduction of a new crown, the Open Division. Some of the state's top returning players usually grace the cover.

That's one of the things the Sollenberger is known for, and that tradition will continue. This year, we just wanted to highlight one of the biggest shifts in the Arizona Interscholastic Association's football championship history.

The best eight big schools will compete during the Open Division tournament each year.

In this year's Sollenberger, azpreps365.com's Les Willsey details how the Open Division teams will be selected and why the Open Division was introduced. Also in the magazine, there's a story on a team that's celebrating its 70th state championship anniversary this year.

The story on the 1949 Chandler Wolves was written by Barry Sollenberger. He originally published the story on the 1949 Wolves in 1999, six years before Sollenberger, an AIA historian and high school sports walking encyclopedia, passed away.

This year is also big for Arizona high school football because of all the talent in the 2020 senior class. azpreps365.com dug up some of Sollenberger's all-state collections of elite Arizona senior classes, going as far back as the 1920s.

In the magazine, we published the classes that stood out, and there are plenty. Speaking of plenty, there's a lot more to read in this year's special edition of the Sollenberger, which was first published in 1971.

We can't wait for one of the more highly anticipated seasons to begin.

The 2019 Sollenberger's AZ Football Prep Magazine is designed and published by Kukulski Brothers. Special thanks to Brian Bolitho, Frankie Acosta, Brian Lukas, Seth Polansky, David Kukulski, Andy Kukulski, Matt Kukulski and Pam Kukulski for their efforts with this publication. The staff writers are Jose Garcia, Andy Morales and Les Willsey of azpreps365.com. Intern Stephen Perez also contributed stories. The Sollenberger cover was designed by Daniel Navarrette. We also want to thank Verrado's football program for helping us with the cover photo shoot near its campus. Verrado High football players Austin Bilski, Jose Gomez, Cameron Coronado, Blake Gamez, Logan Gingg and Dillon Hanson held the trophy during the photo shoot. New Season Unveils Open Division Championship

By Les Willsey
azpreps365.com

The Arizona Interscholastic Association adds a new wrinkle this season to its 60th year sanctioning football state championships.

That wrinkle — approved by the AIA's executive board in January — is an Open Division tournament.

It's no secret there's been little to no mystery the last several years who would win the respective 6A, 5A and 4A football conferences titles. Many fans wait with bated breath for prognosticators top-10s in July/August when there has essentially been no need — 6A Chandler (three-peat in progress), 5A Centennial (repeat and three titles in four years) and 4A Saguaro (four-peat in progress and eight titles in nine years this decade) are heavy favorites for the next year seconds after stepping off the field with their most recent title trophy. There will still be state champs crowned in the six existing conferences — 6A, 5A, 4A, 3A, 2A and 1A.

The hope is the Open Division will fuel renewed intrigue and perhaps make more competitive the 6A, 5A and 4A conference title chases. The Open Division is set up to feature eight teams, based on a separate ratings system from the regular power-ranking format that identifies the 16-team fields in 6A, 5A and 4A.

Only schools in 6A, 5A and 4A are eligible to compete in the Open Division. The eight teams competing in the Open Division will be identified by a computer program taking into account all games a team plays, including out of state contests with a strength of schedule component and a 14-point cap on margin of victory (hence no rewarding of lopsided victories).

A top-15 ranking for the Open Division will be posted on azpreps365.com following the fifth week of the regular season. The power-ranking system that identifies the 16-team fields in 2A-6A and 12 teams in 1A will continue to be used and post at the same interval.

Open Division playoff play will have three weeks of competition. Participants receive a week off after the regular season ends (Nov. 1).

The first playoff date for Open Division games is Friday Nov. 15. Open Division semifinals follow the weekend of Nov. 22-23.

The finalists get another week off with the Open Division title game set for Dec. 7 along with the 6A final. The 4 and 5A finals will be played the day before.

The championship sites for the 2019 state tournaments,

Who will lift the Open Division trophy for the first time?
(photo by Steve Paynter of paynterpics.com)

including the Open Division, have not been determined yet.

Had the Open Division bracket existed last year with the ranking system that will be in place, the qualifiers would have been in order: Centennial, Chandler, Pinnacle, Williams Field, Salpointe Catholic, Perry, Highland and Saguaro. That breaks down to four 6A schools, two 5A schools and two 4A schools.

Seven of the eight were semifinalists or better in their respective conferences. AIA executive director David Hines said the Open Division should allow for competitive games every week, which has been missing in big conferences in recent years.

Limiting Open Division qualifiers to eight teams makes

that more likely. Speaking to the lopsidedness of first-round playoff games in big school conferences in the last two seasons, the average margin of victory in 6A first-round games was 28 points (2018) and 34 points (2017); in 5A 30 points (2018) and 21 points (2017); and in 4A 21 points (2018) and 34 points (2017).

In the final games of the tournaments in 6A, 5A and 4A — quarters, semis and title game — two of the seven 6A games in 2018 were decided by a TD or less and 1 of 7 in 2017; 5A 3 of 7 (2018) and 5 of 7 in (2017); and in 4A 0 of 7 (2018) and 1 of 7 (2017).

One of the six title games — two in each conference in that span — was decided by a TD or less. The rest were no closer than a 20-point margin.

Reaction to bringing in an Open Division championship from fans has been positive as most anticipate closer games and watching elite schools match up even if it means a 4A school taking on a 6A school.

Coaches have mixed feelings on the extra championship.

Arguments against the Open Division is it cheapens the conference title races when top teams shift to the Open Division.

"How can you be called 6A champ when say Chandler is the top team in the rankings and then competes in the Open," one coach said.

Another coach said many schools jumped on board with the idea of the Open Division believing it's a wider opening for them to win a title, albeit a watered-down title.

"If you believe Chandler, Saguario and Centennial are going to qualify for the Open Division, and it's a good bet, it removes an obstacle," the coach said. "I feel like I want to

compete against schools my size. But most 5A and 4A schools would have a tough time competing with schools like Chandler or Perry when they have close to 4,000 students. That's double the size of most 5A schools and even a portion of the 6A schools who already can't compete."

Westwood coach Kyle Ide, a Westwood product in the Jerry Loper era in the late 1980s, recalls how different but scintillating competition was when he played three decades ago.

"We were usually good enough to win state and had that expectation at the start of a season," Ide said. "So did a lot of other schools. At the same time we knew we could end up not making the playoffs. That's how competitive it was."

"That's the way it should be. But you should have a chance, not know your season is over before it begins. That prevents a lot of kids from going out for football in the first place."

Ide continues: "I think the Open Division will be a good thing, but I hope it helps lead to getting schools where they should be in the first place. That's where the focus needs to be. Schools need to start a season knowing they at least have a chance to make the playoffs. For too many schools today, that's not a reality."

Once the 2019 season concludes in December, football will be the last sport to undergo realignment for the coming two-year block.

Data from the 2017, 2018 and 2019 seasons will be used to place teams in conferences beginning 2020-2021. The goal is a trending to more competitive balance.

How effective the Open Division is will be a by product and important to how conferences look come the 2020-2021 season.

2020 Class Boasts Elite Talent; A Look at AZ's Best Ever Senior Classes

(Left) Saguardo's Kelee Ringo and Salpointe's Bijan Robinson (photos by Mark Jones of maxpreps.com)

By Jose Garcia
azpreps365.com

Several of Arizona's high school senior football classes aged really well.

For the loaded 2020 class, it's too early to tell how well it'll mature. But there's no doubt it boasts elite high school talent.

This year's big crop of senior stars led azpreps365.com to dig through the Arizona Interscholastic Association's crates to try and compile the the state's most decorated graduating classes.

Time will tell where the 2020s will rank among Arizona's best, but that isn't keeping them from already receiving rave reviews locally and nationally. Five Arizona players are ranked in the top-100 of 247Sports' high school composite ratings.

Only football powers California, Florida, Texas — the three most populated U.S. states — and Georgia (No. 8 in population) have more top-100 players.

Arizona is now the 14th most populated state. Since 2010, the Grand Canyon state experienced a 13.54 percent growth rate and was the fourth fastest growing state of 2018, according to worldpopulationreview.com.

Credit Arizona's population rise partly for the surge of football talent. Ahead of this year's class is Saguardo's Kelee Ringo (ranked No. 9 overall by 247sports), Salpointe's Bijan Robinson (No. 22), Pinnacle's Tosh Baker (No. 60), Chaparral's Jack Miller (No. 71) and Salpointe's Lathan Ransom (No. 76).

"I have had debates with many people on this topic, including several college coaches, and I think this is as deep a class as I have seen since covering recruiting for almost 20 years," Brophy first-year coach Jason Jewell said. "The deepest positions are quarterback, offensive line and defensive back. There are multiple kids with major college scholarship offers at each one of these positions. At QB, there are kids committed to Michigan, Ohio State, NC State, Louisville and Arizona and there are another handful that have FBS/FCS offers. Look at the offensive line, where there are eight kids committed right now to Power 5 schools. Defensive back is in the same boat. And then look at the quality of players. Guys like Tosh and Kelee are ranked in the top 3-5 players at their respective position at a national level. This will be fun for me, transitioning to evaluating these guys to now having to play against them."

With 13 players in 247sports 2020 top-500, Arizona tied New Jersey for having the 11th most players ranked.

When it comes to the parade of previous stars in the state, throw out the rankings, because many of them became household names.

Randall McDaniel. Terrell Suggs. Darren Woodson. Danny White.

Those NFL legends also graduated with some of Arizona's most talented high school senior classes. After accumulating the best classes, these were the Arizona years that stood out to azpreps365.com:

2012, 2011, 2007, 2001, 1987, 1986, 1982, 1979, 1972, 1964.

Which one is the best?

That's up for debate. But there's no denying that, like this year's senior class, this state has produced some great talent despite not being as big others.

Needles (CA) will visit Phoenix Christian in late August (photo by Mark Jones of maxpreps.com).

Aug. 23-24

East Alaska at Cesar Chavez: The East Thunderbirds of Anchorage are flying to Arizona to get a taste of the southwest during Arizona's summer. On the field, Chavez will hope to generate the same heat it brought during its 40-14 win at East in 2018. East warmed up after that loss, winning a state championship to finish 10-1. 2A's Antelope also will play a team from Alaska, as it travels to Juneau to play Juneau-Douglas on Aug. 24.

Chandler at Liberty Nevada: The Rick Garretson Chandler head coaching era begins out of state against a program that defeated Saguaro last year.

Hamilton at Chaparral: Chaparral walked off with a 36-33 OT win last year at Hamilton. More fireworks are expected this time.

Liberty vs. Brophy at Phoenix College: We've seen him on the sidelines of high school games since the early 2000s scouting and recruiting, but Jason Jewell is about to start a different high school sideline role. He'll make his head coaching debut with Brophy against the always tough Liberty Lions.

Mesquite at Gilbert: We love when the old Gilbert guard is featured. This early season matchup will pit two of the state's best gunslingers, Mesquite's Ty Thompson and Will Plummer of Gilbert, from two veteran programs. Mesquite also has a new boss, Scott Hare, who stepped down as the school's AD to don the headsets.

Thatcher at Morenci: The Green Machine is reloading. Time to see who three-time defending 2A champ Thatcher throws at Morenci, a team that almost shocked Thatcher last year.

Pinnacle at Perry: It's a rematch of a 2018 6A semifinal game won handily by Perry. Senior J.D. Johnson is prepared to continue the strong signal caller tradition of QBU, Pinnacle. On the other sideline will be Perry's Chubba Purdy, a University of Louisville commit.

Norco California at Williams Field: Williams Field travelled to Norco last year and lost 49-21. What a way to welcome back coach Steve Campbell of Williams Field. Campbell played on two state championship teams at Norco before his ASU days as a QB. Norco's field is named after Campbell's father, Gary, who built Norco into a power.

Don't miss also: Red Mountain at Desert Ridge; Casteel at Centennial; Betty Fairfax at Notre Dame.

Aug. 30-31

Pinnacle at Mt. Pointe: Last year, Pinnacle defeated Mountain Pointe 56-34 but lost running back Matt Goodlow for the rest of the year with a leg injury in that game. Goodlow is back.

Needles Calif. at Phoenix Christian: To prepare it for the playoffs last year, Phoenix Christian added Needles to beef up its schedule. Phoenix Christian lost to Needles in 2018 and also some key skill players to graduation. But PC coach Brian Cole doesn't make excuses. Next man up.

Saguaro at Cathedral California: Cathedral lost a state championship game last year. Saguaro hasn't lost a state championship game in a long time. This is one of the first opportunities for Saguaro to show California why the Grand Canyon State is expected to make a lot of noise locally and nationally in 2019.

NW Christian at Yuma Catholic: We meet again. This duel continues to move up the rivalry board, because they've played in so many close games in recent years, including last year's OT championship thriller won by NW Christian.

Douglas at Bisbee: This rivalry dates back to 1906, and the award to the winner is the Copper Pick.

Don't miss also: Notre Dame California at Desert Vista; ALA Queen Creek at Thatcher; Westview at Desert Ridge; Notre Dame at Sunnyslope; Highland at Hamilton, Williams Field at Sunrise Mountain; Chandler at Queen Creek; Snowflake at Benjamin Franklin.

Sept. 5, 6, 7

Sandra Day O'Connor at Hawaii Campbell: The O'Connor Eagles are flying to Hawaii to play a school that's a short drive from Honolulu. Campbell coach Darren Johnson and O'Connor coach Steve Casey are friends. Besides checking out the sights, O'Connor is also heading to Hawaii to avenge last year's 37-20 home loss to Campbell.

California Mater Dei at Centennial: Washington Eastside Catholic got away last year, but that won't stop Centennial from trying to reel in an even bigger fish this year — maxpreps' pre-season No. 1, Mater Dei. National powers Nevada Bishop Gorman and Florida Thomas Aquinas are some of the big fish Centennial already bagged.

Salpointe at Desert Edge: This game has the potential of turning into a 4A state final preview, or a pivotal game in the drive for an Open Division berth. This will be Salpointe's only regular season trip to the Valley and one of the final chances for Valley fans to see Salpointe running back Bijan Robinson, safety Lathan Ransom and crew.

Liberty at Sunrise Mountain: The Deer Valley Derby has become one of the must see rivalries in the state. Get there early or risk not finding a seat or standing spot.

Arbor View Hills Nevada at Hamilton: The home-and-away series began last year with Hamilton defeating Arbor View Hills, a

state runner-up last year, 23-17. The Nevada team has reached the 10-win mark the past five years.

Paradise Valley at South Mountain: Paradise Valley gunslinger Ben Finley and crew travel to see just how good South Mountain's secondary is with Devontae Ingram.

Don't miss also: Cactus at Ironwood; Ironwood Ridge at Millennium; Gilbert at Notre Dame; Perry at Red Mountain; Betty Fairfax at Desert Mountain; Santa Cruz at Round Valley; Cesar Chavez at Queen Creek; Saguaro vs. Faith Lutheran at Nevada Bishop Gorman

Sept. 13-14

Phoenix Christian at ALA Queen Creek: The small schools take center stage this week with a quartet of excellent games. The task will be tough, but 2A Phoenix Christian will try to knock off 3A state title contender Queen Creek.

Safford at Thatcher: This rivalry never sleeps, as only three miles separate the campuses. 2A Thatcher, which beat three 3A schools last year, needed two fourth quarter scores to defeat 3A Safford 28-20 last year.

Pusch Ridge at Canyon del Oro: azpreps365 will be at Canyon del Oro to broadcast this big game. A proven run game and improved o-line should help Pusch Ridge bounce back from a sub-.500 2018 season. CDO is loaded with leadership and is equipped to make a long playoff run this year.

California JSerra Catholic at Pinnacle: JSerra captured last year's game 42-35 and is returning ASU RB recruit Chris Street, who rushed for a season high 187 yards and three touchdowns vs. Pinnacle last year.

Don't miss also: Benjamin Franklin at Northwest Christian; Centennial at Cienega; Millennium at Desert Edge; Skyline at Highland; California Moorpark at Higley; Sunnyslope at Horizon; Desert Ridge at Liberty; Desert Mountain at Saguaro.

Sept. 20

Saguaro at Chaparral: Arizona needs more big school rivalries. Arizona needs Saguaro vs. Chaparral. The Scottsdale schools reignited their rivalry last year. Bragging rights and critical power ranking points will be on the line when they meet again.

Peoria Liberty at Nevada Liberty: There's a popular meme in which two Spider-Men are pointing at each other. Start attaching that meme to this matchup between the same named schools. Of course we'll be rooting for the Arizona Spidey to win the battle between two successful programs.

Higley at Millennium: Millennium turned heads last season when it returned to the 5A Conference with second-year coach Lamar Early. This season, expect Millennium to continue to impress with Early's son, Jalan, a two-sport star, at quarterback. Higley is reloading with more elite talent.

Cactus at Salpointe: Cactus only trailed 21-15 at halftime last season at home against Salpointe before Salpointe stopped turning the ball over and the Bijan Robinson Show took over in the second half.

Red Mountain at Westview: This East Valley vs. West Valley matchup features two perennial playoff participants. Westview is 46-0 in region play since 2010 and is shooting for its 9th consecutive region title. Red Mountain has reached the playoffs every year since 2006.

American Leadership Queen Creek at Yuma Catholic: A preview of the 3A final? It could turn into that with two of the conference's best quarterbacks, ALA Queen Creek's Rand Jensen and Yuma Catholic's Gage Reese, squaring off.

Don't miss also: Canyon del Oro at Amphitheatre; Thatcher at Benson; Sunnyslope at Betty Fairfax; Perry at Cesar Chavez; Mountain Pointe at Hamilton; Basha at Highland; Santa Cruz at Morenci; Queen Creek at Skyline; Marana at Williams Field.

Sept. 27

Desert Edge at Peoria: This game provided one of the more memorable endings in the 2018 regular season and really introduced the state's next QB freshman sensation, Adryan Lara of Desert Edge. Peoria went ahead 22-21 with 31.2 seconds. But Lara then heaved a 61-yard touchdown dagger to Jihad Marks to stun Peoria, 27-22, as time expired.

Phoenix Christian at Round Valley: In a toe-to-toe battle, Round Valley won an overtime nail-biter 28-21 last year on the road. The 2A title belongs to Thatcher until somebody takes it away, and Phoenix Christian and Round Valley are two of the contenders.

Glendale at Walden Grove: The state's leading scorer last year, running back Kevin Daniels, and his young Glendale team travel to Sahuarita to play a Walden Grove team that won a program-high eight games last year. Walden Grove is led by one of the state's dangerous duos, and they just happen to be twins, quarterback Alex Lopez and wide receiver Jordan Lopez.

Don't miss also: Saguaro at Arcadia; Red Mountain at Basha; Sabino at Benjamin Franklin; Gilbert at Campo Verde; Williams Field at Casteel; Desert Ridge at Chandler; Highland at Desert Vista; Mesa Mountain View at Mesa; Centennial at Millennium; Valley Christian at NW Christian; Mountain Pointe at Queen Creek; Thatcher at Santa Cruz; Sunrise Mountain at Verrado; Willow Canyon at Ironwood.

Oct. 4

Perry at Chandler: Region play is in full swing this week. In 6A, it'll open with two Premier Region teams, Perry and Chandler, that played for the 6A crown the past two years. Chandler has never lost to Perry.

Saguaro at Desert Edge: A non-region game that might determine which championship trophy each team will fight for, the Open Division or 4A Conference. A bunch of stars will be on the field also, including the state's top corner in this year's senior class, Saguaro's Kelee Ringo, and the top corner in the junior class, Desert Edge's Steven Ortiz.

Arcadia at Mesquite: It's an important power point, 4A Desert Sky Region game. Also, one of these two teams will likely battle Saguaro for first place in the region.

Round Valley at St. Johns: Two of the favorites in 2A will renew

one of the oldest rivalries in the state. Round Valley coach Marcus Bell played at St. Johns under current coach Mike Morgan.

Don't miss also: Scottsdale Christian at Arizona Lutheran; Higley at Casteel; Paradise Valley at Desert Mountain; Desert Vista at Desert Ridge; Brophy at Hamilton; Highland at Mountain Pointe; Santa Cruz at Phoenix Christian; Red Mountain at Skyline; Blue Ridge at Snowflake; Ironwood at Sunrise Mountain; Westview at Tolleson; Yuma Catholic at Valley Christian; Gilbert at Williams Field.

Oct. 11

Mountain Pointe at Desert Vista: The 22nd installment of the Ahwatukee Bowl. Last year, Desert Vista snapped a six game losing streak against its archrival with a 28-27 win. Desert Vista will head into this year's game as the likely favorite.

Horizon at Notre Dame: The 5A Northeast Valley Region should be very competitive this year. Notre Dame is the top-dog, but a win might put Horizon in the region's driver's seat this season.

Valley Christian at Odyssey Institute: From top to bottom, the Metro Region likely is filled with the most talent in 3A. Yuma Catholic is the region's reigning champ, but Valley Christian and Odyssey Institute can also qualify for the playoffs.

Bradshaw Mountain at Prescott: The Grand Canyon Region title preseason favorites meet. Prescott added well-respected coach Joe Kersting as the team's offensive coordinator. Prescott DE/TE Aaron Greene and Bradshaw Mountain three-year starter at linebacker Noah Shaver can pack a punch.

Don't miss also: Chandler at Brophy; Desert Edge at Cactus; Sunnyslope at Centennial; Benjamin Franklin at Florence; Basha at Hamilton; Verrado at Millennium; Arizona Lutheran at Santa Cruz.

Oct. 18

Pinnacle at Liberty: This has the makings of a win-and-you're-in the Open Division tournament. There's some great senior leadership up and down the roster on both teams. The winner of this game also might end up walking away with the Desert Valley Region crown.

Perry at Brophy: Will Brophy be in playoff contention in Jason Jewell's first season as coach? We should know by this game between Premier Region foes. Will Perry be in contention for an Elite 8 invite? We should also know by this game.

St. Johns at Thatcher: This can turn into a special night for 2A football and St. Johns coach Mike Morgan. If St. Johns is undefeated and wins this game, Morgan will become the state's all-time winningest coach. But it'll be a tough task to defeat Thatcher, the three-time defending champ.

Don't miss also: American Leadership Academy Queen Creek at Benjamin Franklin; Ironwood at Centennial; Casteel at Gilbert; Cactus at Lake Havasu; Chaparral at Mountain Pointe; Desert Ridge at Queen Creek; Mesa Mt. View at Red Mountain; Sunnyslope at Sunrise Mountain; Morenci at Round Valley; Sabino at Pusch Ridge.

The Cactus-Peoria rivalry will resume on November 1, 2019 (photo by Steve Paynter of maxpreps.com).

Oct. 25

Glendale at Apache Junction: What do these two have in store for us this time? Last year, Apache Junction won an entertaining affair, 53-52, allowing Apache Junction to clinch the region title.

Pinnacle at Chaparral: Chaparral's Jack Miller vs. Pinnacle's J.D. Johnson. It'll be the first time the senior quarterbacks will square off, and it might not be the last time after they graduate. That's because they are headed to the Big Ten Conference, Miller to Ohio St. and Johnson to Michigan.

Queen Creek at Highland: Queen Creek will give you a .500-plus season. It's one of the surest things in the state. It appears that Highland is headed in the same direction under coach Brock Farrel.

Ironwood at Sunnyslope: Centennial is the top-dog of the Northwest Region and one of the favorites to reach the Open Division tournament. But Sunnyslope, with the Haen twins, David and Nico, and Ironwood, with dual-threat QB William Haskell, can make some noise in 5A and the Northwest Region.

Don't miss also: American Leadership Academy at Florence; Gilbert at Higley; Desert Ridge at Mountain Pointe; Horizon at Paradise Valley; Hamilton at Perry; Pusch Ridge at Safford; Benson at St. Johns; Round Valley at Thatcher; Millennium at Willow Canyon.

Nov. 1

Peoria at Cactus: Rivalry week. This one started in 1978, and it still packs the stands. Not only will West Valley bragging rights be on the line, but a potential high berth in the 4A tournament will be as well.

Hamilton at Chandler: Don't count Hamilton out just yet. The Huskies might be licking their wounds after winning only three games last year, but they've got some talent on this team. But their rival, Chandler, has bull-dogged its way through the 6A in recent years.

Williams Field at Higley: They are six miles apart. The separation line is a canal. Take a dive into one of the state's budding rivalries. With the talent on both teams, this might turn into the biggest game in the state during the final day of the regular season. Higley will be looking for its first victory over Williams Field.

Don't miss also: Highland at Desert Ridge; Valley Christian at Fountain Hills; Miami at Globe; Cienega at Ironwood Ridge; Chaparral at Liberty; Yuma Catholic at Odyssey Institute; Notre Dame at Paradise Valley; Basha at Perry; Scottsdale Christian at Phoenix Christian; Desert Vista at Queen Creek; Safford at Sabino; Mesquite at Saguaro; Morenci at St. Johns; Valley Vista at Westview; Coconino at Flagstaff.

New Football Rule Changes For the 2019 Season

photo by Jim Willittes of maxpreps.com

By Tyler Cerimeli
Arizona Interscholastic Association

The 2019 football season is almost upon us.

Players, coaches and officials have been working tirelessly throughout the offseason to prepare. For officials, this preparation includes studying the new football rules passed by the National Federation of State High School Associations.

Seven such rules were revised for the coming year. The most impactful rule revision is the timing of the play clock (The time the offense has to snap or kick the ball).

After many years of experimentation by multiple states, the rules committee adopted the 25 and 40 second clock as the standard for timing between plays. This change will create a more consistent time between plays from scrimmage.

The 25 second clock will still be utilized for administrative stoppages such as an official's timeouts (except for a

first down), prior to a try, and after a charged timeout. In those cases, the referee will still blow a ready for play whistle as in the past.

In all other cases, however, a 40 second clock will begin when the ball is declared dead on the previous play. When the 40 second clock is being utilized, the ball will be ready for play (the offense can snap the ball) when the game official has spotted the ball and backed away into position.

Another rule change that was approved by the NFHS was allowing state associations to develop protocol for instant replay during the postseason. For this season, the AIA, with support from coaching leadership, will be experimenting with potential protocols and procedures that could be adopted in the future.

Also, multiple rule changes were approved in order to reduce the risk of player injury. The "horse-collar" foul (grabbing inside the collar and pulling the runner to the ground) has been expanded to include the name-plate area.

Also, it is now illegal to intentionally trip the runner.

The requirements for a legal scrimmage formation have also been changed. Previously, seven players were required to be on the line of scrimmage.

For the 2019 season only five players must be on the line of scrimmage with no more than four players identified as backs. Finally, the penalty for illegal kicking and batting has been reduced from a 15 to a 10-yard penalty.

This revision makes the foul for such an action more consistent with other fouls. For those interested in registering as a sports official in the sport(s) they love, visit our website (www.aiaonline.org) under the officials tab or feel free to call our office at 602-385-3817 or 602-385-3818.

Tyler Cerimeli joined the AIA as an official and tournament coordinator in July. He serves on the NFHS Rules Committee as well as on the NFHS Football Editorial Committee. Prior to joining the AIA, he was an AIA football and tennis official and the chair of the Football Officials Leadership Committee. Cerimeli graduated from Saguardo in 2008 and then earned a biological science degree from Arizona State.

Former Paradise Valley Teammates Drafted by Same NFL Team

Two former Arizona stars from the same high school were selected in the 2019 NFL draft.

Guess the high school.
Paradise Valley.

It probably wasn't the first choice for most guessers. pro-football-reference.com lists only one player (Steve Bush) who graduated from Paradise Valley and played in the NFL.

Paradise Valley opened in 1957 but 2019 was a big football year for the school. It was one of only 12 high schools in the nation that produced multiple NFL draft picks this year.

Former Paradise Valley teammates Ryan Finley (class of 2013) and defensive back Jordan Brown (class of 2014) have rejoined forces, as the Cincinnati Bengals drafted the duo in April. Finley was picked in the fourth round, three rounds before Brown's name was announced.

Byron Murphy was drafted by the Arizona Cardinals (photo by Mark Jones of maxpreps.com).

"Ryan is the smartest and most competitive player I've ever coached," said Arizona State assistant coach Donnie Yantis, Finley's high school coach. "He hates to lose. He wants to be the best at whatever he does."

During his high school varsity career, Finley threw 68 touchdown passes.

His brother, Ben, is following Finley's footsteps. Ben is about to start his final season as Paradise Valley's starting quarterback before moving to NC State, where Finley starred.

Before becoming an all-conference corner at South Dakota State, Brown was known for catching passes from Finley. He finished with 2,277 receiving yards and 26 touchdowns.

"Jordan was an athlete, coachable and always positive," Yantis said. "He competed. He was a yes, sir no, sir guy."

"Both (Brown and Finley) have great, supportive families."

Note: Five of the 2019 NFL draftees attended Arizona high schools. That's the 8th highest amount, tying five other

1. CHANDLER: Several caveats with christening the Wolves as preseason No. 1, but until knocked out of the top perch they stay there. One is the change in head coaches from Shaun Aguano to in-house assistant Rick Garretson as Aguano departed to become an ASU assistant. Another is a new, untested varsity quarterback with the graduation of three-year starter and three-time state champ Jacob Conover. Chandler's experience on offense rests with its line - four returners and five back on defense led by linebackers Tate Romney and Malik Reed and safety/wide receiver Gunner Maldonado. Skill positions are never a problem and a matter of who and how many emerge. The schedule features two out-of-state opponents - Liberty (NV) and Capital Christian (CA). Both ventured deep in their respective playoffs with Capital falling in a title game. Premier Region foes will be the checkup for the second half of the season, but in terms of experience and tradition the Wolves have an edge over their four opponents.

2. PINNACLE: A new era of sorts was ushered in the second half of last season for the Pioneers at quarterback. Junior JD Johnson's time got an early start as Pinnacle fourth-year starter Spencer Rattler was not around the final six games. Johnson passed for 2,004 yards and 17 TDs in essentially six full games. He impressed enough to notch a commitment to Michigan. The Pioneers also feature star power in offensive tackle Tosh Baker (Notre Dame commit) and receiver Marcus Libman (72 receptions, 1,354 yards, 15 TD) and running back Kenji Roland (758 rushing yards, 7 TDs), so expect plenty of points to be scored as usual. Pinnacle's schedule features seven opponents out of 10 that qualified for postseason last year. The Pioneers open with Perry, which denied them a spot in the finals last November.

3. HIGHLAND: One play shy of upending Chandler in what would have been an astonishing trip to the 6A final, the Hawks appear established as a program that will be a perennial playoff team. Highland returns a pair of outstanding backs in Daniel Wood and Max Davis and a solid wide out in Tanner Crandall. A top offensive line needs retooling this year, but the

defensive front seven are experience and formidable. Wood, who doubles at linebacker and linemen Cooper Brown and Monai West key the front. The Hawks endured only one dud last year in a 9-1 regular season in a region loss to Mountain Pointe but still nabbed the region crown. Highland's region opener at Desert Vista on Sept. 27 is one to watch.

4. LIBERTY: Like Highland, the Lions are trending up and continue to be competitive wherever they are placed. They've bounced back and forth in recent years between 5A and 6A. Coach Mark Smith has fashioned consistency. Liberty is primed to make a run for the region title even without the marquee names at quarterback Pinnacle and Chaparral possess. With an offensive line heavy on experience and seven of its top eight players on that side of the ball returning, the offense is capable. Defense should be the major strength and its a good one led by senior linebacker Jace Accurso (60 tackles) and strong safety Jax Stam (59 tackles, 3 INT). Liberty gave up the fewest points among its region foes by far and limited five teams to 15 points or less. A one-point loss to Pinnacle last season was the difference in winning the region and Liberty's lone regular-season loss. Liberty's season finished with a knock-down, drag-out defensive struggle with Highland in the quarters.

5. DESERT VISTA: The Thunder in many ways bring the most experienced squad to the Central Region, particularly on offense. Most of that unit is intact, including nearly all the skill players and good chunk of the O-Line. The one shortcoming is depth, but coaches rarely know for sure that a player or two might blossom who isn't expected to. The Grubbs brothers - senior Tyson and sophomore Devon - teamed up for 1,446 rushing yards and 25 TDs. Along with them is senior slot Colby Humphrey (another 741 yards, 10 TDs). The region's only returning starting senior QB is Parker Navarro, who was efficient throwing for 1, 568 yards and 17 TDs. Defense has capable returners, but its strength was the line last year that lost four to graduation. The Thunder sub out Carlsbad, CA to play Notre Dame of Sherman Oaks, Calif., as one of its two out-of-state games on the road on Aug. 30.

6. PERRY: The Pumas try to remain as one of the conference's elite teams with the last of five seasons with a Purdy quarterback. Chubba Purdy, a Louisville commit earlier in late June, amassed an eye-popping 4,600 yards and 58 TDs rushing and passing. Chubba gets a second year guiding the offense after three from older brother Brock. The array of weapons with which Chubba has to work with has ebbed with massive skill graduation from last year. Coach Preston Jones is confident a capable receiving corps will emerge led by receiving holdover Jorden Young. Scoring has not been a problem with a Purdy at the helm. Line play both on offense and defense are question marks for a school finishing runner-up each of the last two years and in the semis or better three years in a row. All concluded with losses to Chandler.

7. RED MOUNTAIN: Two years in and coach Mike Peterson has notched two East Valley Region titles and a pair of playoff runs - one quarterfinal and one semifinal. The Mountain Lions ran their streak of playoff appearances to 13 in a row last season. Red Mountain's returnee list is led by offensive tackle and ASU commit Ben Bray. A top two-way-underclassman returnee is junior running back-defensive back George Ramirez. Ramirez led them in tackles with 77. The Mountain Lions have good depth at running back with senior returnees Deonce Elliott (463 rushing yards, 5 TDs) and Ty McElroy (224 rushing yards, 3 TDs). Leading receiver and senior Ramses Rivera (38 receptions, 594 yards and 8 TDs) also returns. The Mountain Lions had 13 first-team, all-region selections last year -- 10 of whom graduated. The region is theirs for the taking again after dominating region foes to the tune of 10-0 the past two years.

8. QUEEN CREEK: The Bulldogs held their own moving up to 6A last year and may only have to do it this year before moving back down with the opening this fall of second district high school Eastmark. Joe Germaine is back as head coach after stepping aside as the offensive guru the last six years. The Bulldogs were 7-4 last season, dropping their final three games to Highland, Desert Vista and Red Mountain -- all of which reached the playoff quarters or better. There are plenty of key spots to fill from graduation, including quarterback.

9. MOUNTAIN POINTE: A trying year, but on the plus side in terms of wins and losses in the debut of Rich Wellbrock that resulted in a 7-5 mark. Pride fans were not used to an array of nailbiters, but several ended up happening. Three of their five losses were by a touchdown or less. Their average margin of victory in seven wins was 25 points. The schedule is loaded with a tough region slate as well as a season opener with Faith Lutheran, a strong program from Las Vegas that gave Chandler a tough game last fall. Mountain Pointe's schedule is top heavy with Pinnacle following Faith Lutheran.

10. CHAPARRAL: The Firebirds managed to weather their arrival in 6A by qualifying for the playoffs. The season ended abruptly in a first-round loss to Desert Vista and season finished a game under .500 (5-6). The offense features plenty of talent with the senior pass-catch duo of quarterback Jack Miller (Ohio State commit) and wide out Tommy Christakos (Cal commit) the main attraction. Christakos hauled in half of the 2,400-yards plus passing and nearly half of the TD tosses from Miller. Defensively, the Firebirds hope and need to be improved on defense, which largely will determine how good they are. Three Desert Valley Region opponents made the playoffs last year (Pinnacle, Liberty and Boulder Creek) as did freedom-game foes Mountain Pointe and Saguaro. All of those games were losses.

Grubbs Breakout Junior Year Different Than Expected

Desert Vista RB Returns With Appreciation From Truncated Season

photo by Darin
Sicurello of maxpreps.com

Make no mistake, Desert Vista's Tyson Grubbs ached the second half of last season.

Part of it was the physical nature of his season-ending foot injury sustained in September. The other part was not being able to use his ample ability at running back to help what turned out to be the Thunder's best season since 2011 (a state title campaign).

Grubbs was well on his way to a 1,000-yard rushing season (678 yards and 12 TDs when he went down) in a Sept. 21 region game vs. Highland. It was Desert Vista's fifth game of what finished a 10-2 campaign and quarterfinal appearance.

The injury didn't require surgery, but with therapy for a broken bone in the second metatarsal of his right foot and a torn ligament, he missed seven weeks. The mishap opened the door for younger brother Devon and fellow junior Colby Humphrey in the Thunder backfield.

Desert Vista's ground game didn't waver.

"The way Tyson responded to being out and being there for freshman brother Devon who took up the slack was something to see," Desert Vista coach Dan Hinds said. "Tyson was into games as if he was playing in them. And he worked hard to rehab. If we had won our quarterfinal game he was cleared to play the next week. He was there in every way possible."

What was supposed to be a breakout season on the field in Tyson's junior year (it was even if shortened), broke out in another way.

"It was tough sitting out," Tyson said. "But at the same time I loved it. I was glad my brother could step in and fill my shoes with the other guys. I thought a few times about what might have been. What I might have been able to do in what should have been a breakout year. Watching (Devon) and my teammates kept my mind off not playing for the most part. It kept me involved."

Tyson in anxious to pick up where he left off last season. He averaged 151 yards rushing per game in the 4 1/2 games he played. So far the school most after his services appears to be Utah State.

He's hopeful more will become interested when he returns to the field.

"I'm going to be looking at schools with good academics," Grubbs said. "I know I won't be able to play football all my life, so I need to make a good choice when the time comes."

Tyson recently returned from playing football for a U.S. team in Australia that competed with opponents from New Zealand and Australia.

"It was full contact," Grubbs said. "I felt I was ready, and I am ready for the season to start. As a team we want to prove we can compete with all the other teams. Any of them whether its 6A or the Open Division. For me I want to be able to say at the end of this season, I made an impact on the field."

170) 31 tackles.

Also keep an eye on: Jr. DB-SB Troy Allen (5-9, 165); Jr. OL-DL Luke Pavlina (6-3, 250); Sr. SS-SB Colton Grover (5-9, 172).

Strengths of offense heading into summer: One of top rushing teams in 6A last year. All running backs return. QB and top 2 receivers return. Three of five linemen return plus tight end.

Strengths of defense heading into summer: Solid returners and great young kids coming up.

Team's biggest question marks heading into summer: Developing a defensive line. Graduated front four from 2018.

2019 expectations: Should be solid.

Highland

Head coach: Brock Farrel.

Years as school's head coach: 3rd year, 19-6.

2018 record: 11-2.

Returning starters on offense, 2018 stats: Sr. RB Daniel Wood (5-10, 205), 598 yards rushing, 8 TDs; Sr. WR Tanner Crandall, (5-11, 175), 43 receptions for 449 yards, 3 TDs

Returning starters on defense, 2018 stats: Sr. OLB Wood, 82 tackles, 10 sacks; Jr. DL Cooper Brown, (6-1, 225), 33 tackles, 4.5 sacks; Sr. DB Ja'Sean Lee (6-0, 189), 32 tackles; Sr. OLB Robert Kingsford (5-11, 205), 42 tackles, 2 INT; Sr. DL Monai West (5-10, 217), 40 tackles.

QB Gage Dayley; (5-9, 152); Jr. FS Ammon Allen (6-3, 180).

Strengths of offense heading into summer: Running back by far. Two RB's who averaged 9.8 (Wood) and 8.3 (Davis) yards per carry.

Strengths of defense heading into summer: Defensive line. Multiple returning starters and all-region- all-state players.

Team's biggest question marks heading into summer: Offensive line, quarterback and defensive backs.

2019 expectations: We have come to expect to compete with anyone in the state. That has not changed. We have to find new play makers, as we graduated a lot of talent and maybe the best OL in Highland's history. Confident in our team's resolve and our coaching staffs ability to get our team ready to compete.

Queen Creeek

Head coach: Joe Germaine.

Years as school's head coach: 4th year, record 34-5 (2010-2012).

2018 record: 8-3.

Returning starters on defense, 2018 stats: Sr. Keshawn Calip (6-1, 185), Sr. DB Yohann Djassa (6-0, 180), Jr. DL Glass, 38 tackles; Sr. LB Zane Lalama (5-11, 225), 124 tackles; Jr. LB Reynolds, 55 tackles, 3 sacks.

Also keep an eye on: So. QB Devin Brown (6-1, 180), Jr. OL Derrik Brown (6-4, 280), Sr. OL Gus Campbell (6-1, 240), Jr. WR Colby Garvin (6-5, 200), Sr. K Zane Kaupe (5-10, 200), Sr DL/OL Thomas Sattler (6-2, 245), Jr. DB/WR Hunter Barth (6-2, 190).

Team's biggest question marks heading into summer:

The graduation of key players on both sides of the ball. We will have quite a few new faces stepping into key spots. Looking forward to seeing the identity our team develops as we approach the season.

2019 expectations: We hope to play disciplined, tough, fundamentally sound football.

REGION NOTES: Mountain Pointe finished 7-5 last season, the first with coach Rich Wellbrock calling the shots. Three of the Pride's losses were by a touchdown or less and they managed a playoff berth. Wellbrock has fashioned a 99-54 record over 13 seasons as a head coach at Tolleson, Desert Edge, Basha and Mountain Pointe. Wellbrock and staff need to find a new quarterback, but return a skill player in senior wide receiver Dominique Davis (55 receptions for 952 yards and 10 TDs). Senior linebackers Rashion Hodge (109 tackles, 3 sacks) and Resi Shank (97 tackles) and defensive back Diamante Landrum (52 tackles, 3 INT) key the defense.

REGION NOTES: Cibola is the only other school in the region as neighboring San Luis does not have a football program. For the first time in nearly two decades, the Raiders will have a new coach, Steven Fritz. Fritz was officially hired the first week of May and takes over for Lucky Arvizo, who resigned after 17 seasons as head coach in December.

REGION NOTES: **Boulder Creek** managed a 4-6 record during the 2018 regular season and that was good enough due to its strength of schedule to qualify for the playoffs. A lopsided loss to Chandler in the opening round made for a quick exit. The Jaguars enter 2019 with coach Tony Casarella trying to add a few more wins. Boulder Creek has piled up a 4-6 record and two 4-7 marks in Casarella's three seasons. The Jags schedule is the same as last year and figures to be just as grueling. **Mountain Ridge** is the lone team in the region that opens the season with a new coach. The Mountain Lions hired former Scottsdale Community College coach Doug Madoski to try and revitalize the program, which has struggled of late (0-10 last season) and no winning record since 2010.

Team's biggest question marks heading into summer: Lost nine defensive starters.

2019 expectations: Since 2010 we are 46-0 in region play. Seek to continue that streak and win our ninth consecutive region championship. Also want to make it to first year of the open playoffs.

REGION NOTES: Shadow Ridge played its first season in 6A last year and managed a 4-6 record under Bob Chappelle, who begins his fourth year at the helm. The Stallions seek an uptick in region games after going 0-5 in their first go. ... Miguel Valdovinos threw 29 touchdowns and just six interceptions for a 7-3 La Joya 2018 team that wasn't pleased it just missed the playoffs in 2018. The team hired a new coach, Devin Dourisseau.

History: Revisiting Chandler's 1949 Mythical State Championship Season

By Barry Sollenberger

Just before the birth of the Class 4A Conference, when the Chandler Wolves and the Tempe Buffaloes squared off each season, most games carried no more weight than any other East Valley League clash.

But it didn't used to be that way. In the 1940s and 50s, the annual matchup allowed each team the opportunity to redeem its season, if necessary.

"That was the game of the year," former Tempe coach John Zucco once said. "It was our Thanksgiving game, like the Detroit Lions and the Dallas Cowboys. That's when we played also. It could make or break your season if you beat Chandler. That was it."

The rivalry started in 1925, when the teams would travel on a truck bed and play the game on Thanksgiving Day.

Ironically, the first contest between the schools ended in a tie.

When the two schools went different ways, because of East Valley growth and declining enrollment at Tempe, they left behind some memorable games. In 1948, the Chandler Arizonan, a weekly newspaper distributed on Friday, ran the game story on the front page, even though the contest, a 13-13 tie, was played a week earlier.

The biggest game of the rivalry was played one year later, when it featured two undefeated teams fighting for the right to be called state champs. The game, played before an estimated crowd of 6,000 fans at Goodwin Stadium, on the campus of Arizona State, showcased for the last time Chandler halfback Bob Tarwater.

But the Wolves ace went out with a shoulder injury in the second period.

"It wasn't from a hard hit like you'd think," recalls Tarwater, a retired dairy farmer who still lives in Chandler. "I fell and landed wrong. It was dislocated."

Everett Worthington, a junior fullback, and Art Odom picked up the slack.

They showed their colors with key runs all night, and Odom scored twice in a 14-7 season ending triumph. The Wolves' defense muffled Tempe's Marvin Williams and Chandler was declared mythical Class B (now 3A) champs in 1949.

The Wolves coach was Clarence Skousen, who piloted Chandler through several successful seasons. Ken Knox was his assistant.

Following the season, Skousen was honored by the Arizona Coaches Association as the state's top mentor. Two Wolves, Tarwater and guard David Hampshire, earned first-team recognition on the Super All-State team.

"We had a lot of fine athletes in the school then," recalls the 93-year-old Skousen from his Chandler home. "They were good in other sports, too. Not just football."

Skousen, who played on Chandler's first football team in 1923, came back to the school in 1939 after fielding good teams in Coolidge and Thatcher.

By 1941, the Wolves had become a state power. But midway through the 1942 season he joined the Navy, leaving behind a team that lost only one game. Bob Orr and Russell Goddard filled in for Skousen during the war.

But it was the '49 Wolf Pack which topped all in Chandler's

history, going undefeated and amassing 358 points in 10 games. The key player was Tarwater, a stocky, hard working running back who scored 20 touchdowns — four on kick returns.

Besides Hampshire, tackle Floyd Johnson, end Louis Tarbart, end Rudy Serrano and Worthington were the key players. Andy Carrillo booted 34 extra points.

Tarwater, who continued his playing days at nearby Arizona State, tipped the scales at 185 pounds and was a four-year varsity player. He was known throughout the state as a dangerous broken field runner.

Hampshire, a demon on both offense and defense, ranks among the best linemen ever to don a CHS uniform. He used his 240 pounds to good advantage in blocking and tackling and won three varsity letters.

In October, Chandler fans knew the Wolves were for real after a 38-21 win over Casa Grande's explosive Cougars. The wild, see-saw game featured fleet backs and electrifying plays, especially from Chandler.

Worthington scored on a 75-yard dash. Tarwater went 80 yards on a punt return and Tarbart sprinted 30 yards with a pass interception.

The Wolves were on their way to becoming the most historic football team in Chandler history.

The Sollenberger's AZ Football Prep Magazine is named after the late Arizona high school sports historian Barry Sollenberger. In 1970, Sollenberger and publishing partner Dave Kukulski published their first Arizona preseason high school football magazine. To celebrate the 50th anniversary of Chandler High's 1949 mythical state championship, Sollenberger featured the team his magazine in 1999, when the story above first appeared.

1. CENTENNIAL: Four titles in the last five years plus the dominating fashion Centennial howled to last year's 5A title with a 14-0 mark makes the Coyotes an easy conference favorite — if they end up playing for it. The Coyotes have a great shot of playing in the Open Division bracket. The Coyotes play seven teams in the regular season that made the playoffs last year. The offense is in good hands with experience at quarterback in senior Jon Morris (2,097 yards passing and 19 TDs), receivers (Dyelan Miller and Eric Haney) and three linemen. The 2018 defense was arguably as good as any the Coyotes have put on the field. It will need some re-tooling this year, but that's rarely a problem. Last year's unit allowed 102 points in 14 games (7.3 per game). The two years prior points allowed per game was just 10. Experience on the defensive side belongs with guys in the backfield like Jaden Young and Haney, who are likely to double up at running back and receiver. The defensive line returns a pair of solid players in Xavier Garcia and Derek Jodarski. The team's early test is Aug. 30 when it hosts west coast power Mater Dei

(Concord, CA). Centennial has topped Bishop Gorman (NV) and St. Thomas Aquinas (FL) in their out-of-state matchups the last two years.

2. WILLIAMS FIELD: The Black Hawks won the San Tan Region, an accomplishment of distinction given all six schools in the region made the playoffs. That title makes it three in a row with a 13-0 region record in that span. The school hasn't lost more than three games in a season since its varsity debut in 2008 and has made the playoffs in each of its 10 seasons competing for a conference title. There are key positions that need filling on both sides of the ball this year. On offense Williams Field figures to run successfully with four starting linemen returning — three of whom are D-I commits led by tackle Noah Nelson (Oklahoma bound). Last year's top rusher, Kendrix Lurry, fell just shy of 1,000 yards rushing (973) and struck pay dirt nine times. The big hole is at quarterback where three-year starter Zach Shepherd graduated. The defense was strong across the board last year, with as good a secondary as a team could have. That's a second area of concern since the four deep backs grabbed their diplomas.

3. HIGLEY: The Knights begin their ninth season guided by head coach Eddy Zubey. They've climbed the ladder in that span going from no playoffs in 2011 and 2012 to one-and-done in 2013-2015. The last three years have presented six playoff victories and three semifinal appearances. This is another year of promise, especially if the defense can improve. Top returnees include linemen Jason Harris and Jackson Solomon, deep backs Brian Lipford and Izaak Butler and linebacker Cannen Hall. Higley scored 475 points last season but surrendered 416. Giving up 32 points a game won't win many state titles. The Knights traditionally have no problem putting points on the board and will likely continue to do so with QB Kai Millner and or QB Matt Purnell. But Higley did graduate its top three rushers and top two receivers. It played many more close games last year in its move up to 5A and will have to get used to that.

4. SUNRISE MOUNTAIN: The Mustangs acquitted themselves well in moving up from 4A to 5A, posting an 8-4 record. Three of the losses were to 5A semifinalist Williams Field (twice by a touchdown or less) and the other by a TD to 6A Liberty. The other defeat was to Northwest Region champ Centennial in blowout fashion - nothing to be ashamed of there. Plenty of experience on the O-Line and at receiver bode well this season. Replacing talented Keegan Freid at QB is another matter. Speed and depth define the defense led by linebacker Justin Wilda (86 tackles, 5 sacks). Sunrise might be good enough to put some pressure on Centennial this year by the time the teams meet in the 2019 regular-season finale. Sunrise Mountain, however, is 0-5 against Centennial and been blanked in those meetings the last four times out.

5. NOTRE DAME PREP: Two state title appearances in a row and runner-up finishes each time thanks to Centennial — last year with only three returning starters albeit two outstanding ones — and the Saints and coach George Prelock are locked in as a top-10 program. Offense features three-fifths of last year's line and leading rusher Dominic Mastro (1,533 yards and 13 TD). Defense, which returned no starters in 2018, has more than half of the unit back led by linebackers Brock Locnikar and Connor Butt and secondary pieces Trey Cartledge and James Jaquint. Trying to fill the void of offensive juggernaut Jake Smith and quarterback Jake Farrell are potential stumbling blocks.

6. PARADISE VALLEY: "Get back to the playoffs" is the mantra of coach Greg Davis. This seems to be a year it could happen for the Trojans. After falling short of a state title in 2015 in the Division III final with Desert Edge, PV has seen all kinds of seasons of late — 13-1 heart-breaking runner-up in 2015, 2-8 (2016), 4-6 (2017) and 6-4 (2018) — none ending with a postseason appearance. PV closed within two spots of qualifying for the playoffs last year. Senior quarterback Ben Finley enters his fourth season as starter and threw for 2,777 yards and 23 TDs last season. Four other starters on offense are four-year starters as well. Several good targets are in the fold for Finley to throw to led by senior Caleb Diaz (58 catches, 766 yards and 5 TDs). The line has experience as

well. Almost half of last year's starters return on defense led by senior linebacker Andrew Hunkin (100 tackles).

7. CASTEEL: The Colts first three years of varsity competition yielded a 32-5 record, three playoff appearances (one a 3A state title) and last year's quarterfinal effort jumping to 5A - a 34-27 loss to Higley. Casteel reaped the benefit of having every starter or role player back last year since it was the school's first year with a senior class. They are faced with graduation losses like everyone else so 2019 will be a test in filling those gaps. Second-year coach Bobby Newcombe welcomes back six players who started or played a lot on offense and four senior starters on defense led by linebacker Dalton Card. Casteel will discover what life is like without Gunner Cruz at QB (9,383 yards passing and 100 TDs over three seasons.) If the Colts remain as competitive as they've been thus far and the region remains strong, the playoffs are likely for a fourth year in a row.

8. MARANA MOUNTAIN VIEW: The Mountain Lions were a young team in 2018 with a host of juniors leading the charge in a 5-5 season that saw them win the Sonoran Region title, but not make the playoffs. Last year, region champs weren't guaranteed a playoff spot so it was a must to finish in the top 16 of the power rankings. Mountain View was 20th. Double-digit starters — many of them two-way players enter their senior year for new head coach Matt Johnson, who resigned at Ironwood Ridge and latched on quickly to the opening at MMTV. Mountain View won every region game, but lost all its non-region games. Four of those teams made the playoffs - Ironwood Ridge, Higley, Casteel and Cienega. An extra win or two this year could make the difference.

9. MILLENNIUM: The Tigers found the going better dropping to 5A from 6A and promptly won a region title, a first-round playoff game and finished with a nifty 9-3 overall mark. They gave Notre Dame Prep a tough game in the quarterfinals, too. Millennium's offense appears will be one by committee. Coach Lamar Early is good with that. Three linemen return and son Jalan, is manning the quarterback position. Defense is the strength with seven returnees among a very athletic group. Their region was not strong overall with only the Tigers qualifying for postseason. Wins over Ironwood Ridge, Maricopa and Desert Edge - all teams who qualified for their conference playoffs - helped secure a postseason spot.

10. GILBERT: Coach Derek Zellner is eager to for his team to rack up a couple more wins and play as competitively as it did in its first-round playoff loss to Notre Dame Prep as a lead-in to 2019. The Tigers lost to Notre Dame 47-0 in Week 3 and then gave the Saints a tussle in a 46-30 loss the first week of November. Offensively, the line has more depth than its had in recent years and awaits a second solid season from Arizona commit Will Plummer. Plummer, the San Tan offensive player of the year last season, passed for 3,229 yards and 25 TDs. Plummer has a couple receivers back and there's promise of a ground attack to keep defenses a bit more honest. Defensively, there are a half dozen experienced returnees.

Rudolph's Dedication Paying Off

Tight end Jay Rudolph, Horizon (photo by Darin Sicurello of maxpreps.com)

By Stephen Perez
azpreps365.com

Through patience and hard work, Jay Rudolph is right where he wants to be.

Rudolph catapulted himself into arguably the state's No. 1 tight

end and received over 10 college scholarship offers since his junior season. Not bad considering that the six-foot-four, 220-pounder moved from linebacker to tight end after his sophomore year.

He caught 31 passes with 550 receiving yards and eight touchdowns in 11 games in 2018.

Jay said he appreciates the recognition, but there's still a lot to prove.

"I just try not to take it to my head," he said. "Just keep on working and know I can always improve. It shows if you put in the work, it'll pay off because that's what I did."

His work ethic as well as his versatility is what makes him stand out, he said.

"I can go out in slot, go out in receiver and I can also go put my hand down and block," he said. "It takes time to develop the blocking skill. If you just go as hard as you can, there's nothing more you can do."

What he's accomplished so far in a short time was noticed by such schools as Army, Air Force, Montana State, Northern Arizona University and Colgate.

But in July Rudolph decided to commit to San Diego State University.

"It was just a matter of talking to every school that was interested in me no matter the school, and I just wanted to hear what each of them had to say and what they had to offer," he said.

Jay's older brother, Luke, plays football at NAU and is his source of inspiration and guidance.

"He (Luke) taught me to have patience through the recruiting process and only focus on the aspects that you can control," he said. "It just helps to have someone who has been through that to go and talk to."

As for his last season of high school ball, Jay is focusing on the aspects that can continue to make him and others successful.

"I just want to be a leader for the team and take them as far as we can go," he said. "I want the younger players to look to me as someone who is always doing the right things and always working."

Stephen Perez is a student at Arizona State and was an azpreps365.com intern this summer.

Team's biggest question marks heading into summer: Maturity and leadership.

2019 expectations: Win region. Finish non-region 4-1. Make playoffs.

Region notes: **Betty Fairfax** was 7-3 last year and won the region title, making it three consecutive years at the top. The Stampede has a new coach in tow to attempt a four-peat. Brandon Johnson, an assistant at Gilbert High the past several seasons, takes over for Dylan Winemiller, who stepped down in March.

Central High also debuts a new coach — Chandler Hovik — a former standout quarterback less than a decade ago at Cesar Chavez. Hovik will try to prop the Bobcats back over .500 after a 2-8 campaign. A trio of winning seasons took place prior to last year. **Camelback** also finished 2-8 last year. The Spartans haven't had a winning season since 2011 and hope to make strides toward that goal in coach Brandon McNutt's second year.

Try Not to Mess with Big, Bad Bennett

By Stephen Perez
azpreps365.com

Truth be told, not every athlete thinks they are destined to play at the next level of competition.

Cade Bennett, an offensive tackle at Notre Dame Preparatory Academy in Scottsdale, was in a similar position, not knowing how good he truly was.

That changed when he was called up to varsity midway through his sophomore season.

That is when the exposure came. Division I universities began looking, and soon after the first scholarship offer, from Syracuse University, arrived in his mailbox.

"I love the game and was kind of playing for fun and it just shocked me and turned my world upside down," he said. "No one in my family played football. It just motivates me to get better every day."

Bennett received 15 more offers, including from University of Arizona and Arizona State University.

But he announced in June via Instagram that he is headed to Oklahoma State. It can be tough to manage serious offers coming all at once.

Bennett set guidelines and questions to make his decisions easier and concise.

"I looked at the people, the players, the culture of the program and I looked to see if I would get a good degree from that school and benefit me in my life," he said. "There were some that had all that and some that don't. It was just a matter of checking off the boxes."

However, no matter how much you learn to manage the offers in front of you, it still takes a toll because of the constant need for communication between you and the universities. "They want to talk once a week," he said. "Some nights I would get home from all my workouts and by that time I have an hour of phone calls with coaches."

Despite the communication requests when the offers were flowing in, Cade increased his offseason regimen.

"I've been working extremely hard this offseason, more than I ever have," he said. "You can't get outworked now because you have that image and you have to keep that image. You have to work ten times harder than the guy next to you."

Bennett added, "I was motivated to be a starter early on. It worked out and all the offers came in. I realized the harder you work the more blessings you get."

He's already thinking about reaching another level.

"My main goal is to play in the NFL," he said. "Football is the thing made for me so I am going to do my very best and work as hard as I can to get there."

Individual statistics don't often get attached to offensive linemen.

Modern day sports are analytically driven, recognizing those who blow up the stat sheet.

"The offensive lineman is the position that doesn't get a lot of

credit, but they are what makes the game work," Bennett said. "I think it's the best position on the field. There's nothing better."

The 2019-2020 school year will be Bennett's final season.

Simply put, he's out to prove that it's not just about the numbers.

"I hope every time I put my hand in the dirt the defensive lineman across me knows my name, knows I'm the biggest and baddest in Scottsdale," he said. "I want people to see that and almost fear me, especially those defensive guys."

Paradise Valley's Finley Wants to Chart Own Course

By Stephen Perez
azpreps365.com

Family legacies run deep in football.

Already a part of one at Paradise Valley High School, Ben Finley will take that all the way to Raleigh, North Carolina in the fall of 2020.

Ben, a 6-foot-2, 195-pound senior quarterback for the Paradise Valley Trojans, committed to North Carolina State University in November 2018, where his brother, Ryan, played his college ball.

In the three seasons his brother spent with the Wolfpack, Ben went to more games than he can count and immersed himself in the culture of the college town.

"I think that was huge, being able to see the atmosphere," he said. "I'm familiar with the town and the people and the football program. It's a great program, and I think they will continue to be successful. And I just want to be a part of that."

Ryan got drafted by the Cincinnati Bengals in the fourth round of the 2019 National Football League draft.

Before that he played at NC State and also went to Paradise Valley, where he was the quarterback.

There are benefits to following the footsteps of his older brother.

"He (Ryan) was a big tool and still is now that he's in the NFL," Finley said. "I definitely feel I have a step above because of him, but it's cool to be able to turn to him when I need to."

They share the same passion for football, and although one might be older than the other, Ben and Ryan learn and developed their game similarly.

"We have in common the finesse," Ben said. "We don't really have strong arms, but if you know where you're throwing and make the right decisions you don't really need a strong arm."

Pat, Ben's father, said it's not his role to analyze the mechanics of his sons.

He just lets them go out and play the game.

However, after being through the process with Ryan, he was a little more knowledgeable when Ben continued his interest in the sport.

"He had expressed an interest in playing quarterback," Pat said. "We had him working with (former Arizona State quarterback) Rudy Carpenter. He's been a fantastic coach for Ben for a number of years and helping him understand how to play the position."

Pat added that Ben and Ryan's relationship is a normal sibling relationship, learning from each other and are supportive of each other's paths.

"(Ryan) has been a supportive brother and is there for Ben when he has questions or needs advice," he said. "He knows that Ben is charting his own path. They talk football obviously, but it's a situation where Ryan leads more by example and Ben is observant of that."

During his first three seasons at Paradise Valley, Ben collected 6,153 yards passing, 53 touchdowns and a quarterback rating of 76.8% in 29 games.

He will look to improve upon those stats in his final season but has also switched his primary focus to the mental aspects of the game.

"Biggest now is being a leader for my team," he said. "We have

Brothers Ben and Ryan Finley (photo courtesy of the Finley family)

60 kids out and probably 35 of them are brand new to the program. I just want to show them what Trojan football is about."

This season at Paradise Valley has Ben confident in himself and his teammates.

Their biggest goal is improving upon their 6-4 record from last year.

"I trust my guys, and they trust me and that's key to winning football games," he said. "We all know each other and we are just going to compete like we did last year and keep improving."

"Progress is all that matters."

Following an NFL-drafted sibling can be intimidating at times, but Ben wants to write his own story.

"It's funny to me, but I see it as a brotherly competition, always wanting to be better than him," Ben said. "My brother had a great experience, and so I just wanted a bit of that. But it's going to be different for me."

Will Plummer always seems to be following the leader or leaders. He gets his chance to be the leader in 2019.

His brother — Jack two years his elder — fashioned a fine career as Gilbert High's quarterback (2015-2017). Last year, Will got his chance as a junior to show what he could do behind center with Jack moving on to college at Purdue.

Will was one of three quarterbacks in the highly-competitive 5A San Tan Region who didn't have a year of varsity action in the rearview mirror. Three others were veteran quarterbacks of teams that routinely advanced deep in the playoffs - Williams Field's Zach Shepherd, Casteel's Gunner Cruz and Higley's Spencer Brasch. Shepherd and Cruz won state titles with Williams Field in 2016 and Casteel in 2017, respectively.

So how did Will stack up in his debut? Good enough to help Gilbert reach the playoffs along with everyone else in the San Tan (Williams Field, Higley, Casteel, Campo Verde and Maricopa) in 2018.

Will Plummer's numbers were impressive. He completed 251 of 443 passes for 3,229 yards and 25 TDs. There were 15 picks in there, too, a number he'd like to reduce.

Plummer added 515 yards rushing, showing an ability to scramble and improvise. Given the Tigers' running game struggled, there wasn't much mystery as to what type of play was awaiting the defense.

Gilbert coach Derek Zellner couldn't have been more pleased with Will's effort, who quickly caught the attention of recruiters and committed six months ago to stay in state and attend the University of Arizona.

"He did a great job for us," Zellner said. "I was surprised with what we got from him given he moved back to quarterback and won the job spring of his junior year. He played quarterback his freshman year. With Jack ahead of him he shifted to play tight end and linebacker as a sophomore. He's a tough as nails kid. A lot like a Tim Tebow.

"Early on last year we had to reel him because he was taking too many chances with his body. We had to remind him we wanted him to quarterback for the season, not just a game or two."

Zellner is thankful three of his four and soon to be four of five seasons coaching Gilbert he's had the likes of Jack and Will Plummer leading the offense.

"They live across the street from me, which is great," Zellner said. "And they chose to go to their home school."

Will Plummer didn't mind making the position switch as a sophomore. It got him a chance to play on the varsity, although injury

shortened his participation to six games that year. All along he figured on being a varsity quarterback at some point.

"I've been focused on that the last seven years," Will Plummer said. "I didn't mind switching positions. I got to play with my brother, learn the routes tight ends run. It's helped me as a quarterback."

Having Jack go through the recruiting process before him, Will Plummer kept in mind his brother's main advice.

"Make sure you stay your own person," Will said Jack told him. "Don't let other people influence your decision. Go where you think you fit. Don't worry if other people harp at you about your decision. For me I absolutely had an idea where I wanted to go. Arizona was it. Jack had a tougher time deciding at the end. I knew if I was sure about where I wanted to go I was going to make the choice right there."

Strengths of offense heading into summer: Returning quarterback Will Plummer. Depth at offensive line. Returning experience at wide receiver. Running backs who can run and catch.

Strengths of defense heading into summer: Returning experienced line. Young linebackers who played valuable minutes. Defensive backfield returns.

Team's biggest question marks heading into summer: Who are the young players who will rise up. Can we replace production at tight end. Can we be more balanced on offense. Replacing all-state punter. More consistencey in kicking game.

2019 expectations: Make the playoffs. Win a playoff game. Con-

tinue to improve in all phases, develop younger players and be more consistent.

Line Leader: Williams Field's Noah Nelson **Black Hawks Present Formidable Offensive Front**

By Les Willsey
azpreps365.com

Noah Nelson has kept an open mind about what he wanted to do and be as he grew up. As an eighth-grader, football entered his consciousness with a little help and gradually took hold.

"I started playing in eighth grade," Nelson said. "Once I got into it, my mom kept pushing me. I've really learned to like it."

Here he is with his senior season at Williams Field a few weeks away and the sport it is set to be a bigger and more integral part of his future beyond high school.

Nelson, who is 6-foot-7, 290 pounds, wrapped up the recruiting process in May after his steady development 2016-2018. Nelson settled on the University of Oklahoma after a couple of visits. Other high-profile offers included Michigan, UCLA and Washington with nearly 20 offers in all.

"Once I was into my freshman year I was committed," Nelson said. "I'm super competitive. When I go after something I want to be the best at it. The coaches have helped me keep at it. They're a big part of what's happening."

Williams Field coach Steve Campbell knows he has a talent in Nelson, but has been equally impressed with how serious he took his recruiting visits.

"It wasn't just about the nice campus or the great facilities," Campbell said. "Oklahoma has a good record of getting linemen to the next level. That was something he seemed interested in. Sometimes kids overlook that. He knows what he wants."

Nelson will be the leader of a veteran offensive line for the Black Hawks. Three senior teammates return as starters this season, a huge advantage not often the case for a program.

Two of them — right guard Cooper Darling (Oregon St.) and right tackle Andrew Garcia (NAU) — are D-I commits.

Center Adam Reid is the other returning starter with senior Luke Moustis (left guard) and versatile Josh Gale returning at tight end.

"It's great to have the experience and familiarity we have with one another," Nelson said. "It can be to our advantage."

Had football not become a focal point, Nelson said he contemplated another career path.

Perhaps one that could come in play after after football.

"I've thought about being an actor," Nelson said. "You see a guy like Dwayne Johnson, the Rock. He used sports to get into other things. Who knows."

back, better knowledge of offense. Improved wide receiver play. Right tackle Cooper Harris could be D1 prospect.

Strengths of defense heading into summer: Better understanding of scheme. More aggressive this year with better knowledge. Linebacking play. Four returning starters there.

Team's biggest question marks heading into summer: Depth. Not a lot of numbers. Line play on both sides of the ball. If it improves we should be much better.

2019 expectations: Improve from 1-9 to .500. Increase numbers at lower level programs.

Region notes: Marana Mountain View made a coaching change shortly after the 2018 season ended nabbing one of the area's top coaches in the past decade in Matt Johnson. Johnson led Ironwood Ridge for 10 seasons with a glowing 85-35 record, one state title and no losing seasons. Mountain View finished 5-5 in 2018 and missed the playoffs after two consecutive appearances. The Mountain Lions won the region title, but region champs were not guaranteed an automatic berth last season.

Desert View finished fourth in the region last year with a pair of region wins in its 3-7 season. Cholla managed a 1-9 record in coach Shawn Wasson's first year.

Region notes: Buena stayed competitive for the second year in a row posting a 5-5 record in 2018. That followed a 6-4 campaign and put a pair of 0-10 seasons clearly in the rearview mirror.

Sunnyside brings a familiar face to its head coaching position with Blue Devils' alum Glenn Posey back for a third run with program. Posey's last stay was 2011-2015 and resulted in at least a .500 season each year and an overall record of 30-24.

Nestled deep in an old pecan grove sits one of Arizona's newest up-and-coming programs.

The growth of Sahuarita is similar to Anthem in north Phoenix and the explosion of families in the Vail area in Tucson's far east side. The population growth forced Sahuarita to build a second high school, Walden Grove, in 2011.

The varsity football team, not surprisingly, started out 0-2 in 2012 but managed to go up 5-3 before ending the year 5-5. But in 2014, the program made its first playoff appearance after a 7-2 start.

The following two seasons weren't as fruitful, though. It seemed that trend would continue but an upset over Catalina Foothills in 2017 led to another playoff appearance.

The momentum continued with an 8-3 finish last year, giving the Red Wolves their first region title. Now, the team is expected to continue to gain traction and break into 4A's top ten.

The defense is centered around senior middle linebacker Rick Avelar III (135 tackles last year), and the offense is pow-

Walden Grove's senior quarterback Alex Lopez (photo by Andy Morales of azpreps365.com)

ered by a set of twins. Senior quarterback Alex Lopez threw for 2,655 and 29 touchdowns and ran for 624 yards and six more scores.

His brother, Jordan, a wide receiver, caught 1,230 of those yards and accounted for 12 touchdowns. Alex's 2018 throwing stats put him in the top 12 state-wide and second in the 4A Conference while Jordan's receiving totals placed him seventh state-wide and second in the 4A Conference.

The twins accounted for 72% of the offense last year.

"The team chemistry looks to be great this year just like last year, so we need to move forward," Alex said. "We have a lot of sophomores on the team. So we need to build them up to compete the same way we did, and our defense looks good."

The twins are getting some college exposure and, like all other players, they have dreams of playing for teams such as Oregon, but they wouldn't mind a look from Arizona and Arizona State. Their athleticism allows them up to play multiple positions, and Jordan is one of Southern Arizona's best soccer players.

But football is his choice at the next level.

"I need to be even better than last year – at least two times better," Jordan said. "I have interest from Western New Mexico, and I hope we will get even more exposure to colleges this year. We can pull it off. I know we can."

Saguaro celebrates its sixth consecutive title in 2018 (photo by Mark Jones of maxpreps.com).

By Andy Morales
azpreps365.com

1. SAGUARO: For Saguaro, 12 championships against 10 different opponents with an average victory margin of 38-17 is the norm, and under current head coach Jason Mohns (86-10 at Saguaro, 94-19 overall), there seems to be no end in sight. Mohns guided the Sabercats to six straight titles and is on a 49-0 streak against teams from Arizona. You have to go back to Sept. 4, 2016 to find the last loss, a 20-12 setback to Pinnacle, and that loss came on the heels of a 41-21 loss to Centennial. That was the last time Sabercats played either team, but that could change this year under the new Open Division playoff system. The top eight teams, according to maxpreps' rankings, from 4A to 6A will be placed in one bracket. The Sabercats finished No. 5 in the maxpreps system, with Chandler taking the top spot and Centennial coming in next last year. Among the star-studded cast the Sabercats are returning: Sr. QB Tyler Beverett (2,093 yards passing and 22 TD in 2018), Sr. RB Israel Benjamin (1,625 yards rushing and 27 TDs), Sr. Will Shaffer (569 yards receiving and 9 TDs) and Jr. NG/DT Alani Ma'afu (80 tackles and three sacks). Mohns will most likely break 100 career wins this year.

2. SALPOINTE: The Lancers could be looking at three straight championships if not for the Saguaro Sabercats. A 24-

3 loss to Saguaro in the 4A semifinal round in 2016 was followed by losses in the 4A 2017 and 4A 2018 state championship games. If Saguaro moves into the Open Bracket at the end of the year, then the 4A title will be there for the taking, unless Salpointe makes it to the Open. It helps to have talent and the Lancers have plenty of that in Sr. sensation Bijan Robinson. Robinson rushed for 2,400 yards and 35 TDs even though he missed a game last year. With 4,801 career rushing yards, Robinson is only 1,077 yards away from the Big School Record (5,878/Marcus Thomas/Tolleson/2000-2002) and 2,643 yards away from the state record (7,544/Casey Jahn/Northwest Christian/2008-2011). Robinson was also named the Ed Doherty Player of the Year. He is joined by fellow senior Lathan Ransom. Ransom finished the 2018 campaign with 1,242 all-purpose yards, 82 tackles and six interceptions. Ransom committed to Ohio State.

3. DESERT EDGE: The Scorpions moved down from the 5A Conference and finished ranked No. 3 in the state with a semifinal finish. If Saguaro and Salpointe move up to the Open bracket, then it will be the favorite in the 4A Conference title race. The Scorpions have both Salpointe and Saguaro on their schedule this year, so we should know pretty quick where the teams stand since the Lancers visit in the third week. With one of the toughest schedules in the state, the Scorpions also have dates set with region foes Cactus and

Peoria. Head coach Jose Lucero expects his team to be very fast and athletic on offense with a lot of returners. His top receivers are returning along with three starters from his offensive line. Look for Sr. WR. Jihad Marks (6-1, 175). Sr. WR. Keith McKaney (6-1, 175), Jr. WR. Andrew Patterson (5-8, 165) and Jr. RB. Marques Miller (5-11, 175) to set the tone for another great year for Desert Edge. They also possess two of the the state's best at their respective positions, DB Steven Ortiz and QB Adryan Lara.

4. PEORIA: The Panthers went into the 4A playoffs with a 9-1 record and a No. 4 ranking but No. 13 Seton Catholic upset the Panthers 54-49 in the first round. Peoria looks to be 4-0 when Desert Edge visits in late Sept. Desert Edge is one of three teams on Peoria's record with a winning record from last year - Estrella Foothills (6-5), Cactus (8-4) and Desert Edge (7-4) – so power points might be hard to come by. Head coach Will Babb believes he is experienced in a lot of key positions with Sr. WR Javon Scott (5-7, 145), Sr. QB Kyle Samford (5-10, 175) and So. RB Cameron Mack (5-9, 185) all returning. Sr. DB Micho Cordero (5-8, 175), Sr. LB Al Barkat (5-10, 185), Sr. DE Gabe O'Campo (6-1, 205) and Sr. DL Sean Enriquez (5-10, 290) will be called to keep the defense steady.

5. CANYON DEL ORO: Sahuaro was the surprise team last year and this spot could be filled by Canyon del Oro. The Dorados finished 7-4 last year but it could be remarkably different this year. Their first loss came at Flowing Wells (38-37) and it was a result of not having a kicker on the roster. Sahuaro manhandled the Dorados 42-21 in October but the Cougars have lost some key parts of their magical season. So this game suddenly looks winnable for the Dorados. Finally, the biggest obstacle will be a visit to Salpointe. The Dorados hope to be 7-0 at that point and it will set up a match between Bijan Robinson and Jr. RB Stevie Rocker. Rocker gained 1,163 yards rushing last year, but he was only allowed 39 against Salpointe while Robinson put together 123 yards and two TDs. The QB position for the Dorados is the big question, with four players battling it out for the start, according to head coach Dustin Peace. But all of his linebackers and defensive backs are returning and the team speed should be enough to guarantee a home game in the 4A playoffs.

6. CACTUS: The Cobras finished 8-4 last year but lost to Saguaro 69-6 in the quarterfinal round of the 4A playoffs. A trip to Salpointe in the week four will let second-year head coach Joseph Ortiz know where his team stands. Ortiz feels his team is prepared for his system in year two with an offensive line returning three starters to help protect RB Anthony Flores (1,200 yards and 19 TDs) and Sr. QB Conner Cordts (1,235 yards passing, 16 TDs.) Ortiz gives defensive coordinator Brian Belles a lot of credit, and he will have SR. LB. Nate (Doodles) Quinones (5-9, 170), SR. S. Nicc Quinones (5-10, 185), JR. CB. Antonio Pratt (5-10, 170) and JR. DE. Riley Davies (6-2, 220) to work with. There are four playoff teams on the schedule, and the Cobras host rival Peoria in the final week of the season. The West Valley Region title should be up for grabs in that game, but the winner will also be in a better position for a playoff run.

7. SETON CATHOLIC: The Sentinels finished ranked No. 13 but a 54-49 win over No. 4 Peoria in the first round raised some eyebrows. Sure, the team lost 63-19 to Sahuaro in the

next round but the upset left a few questions. The Sentinels lost to Mesquite in the fifth week to open region play, but the Wildcats failed to make the playoffs and the second loss was a lopsided 69-0 affair to Saguaro. But the power-point killer was a 37-21 setback at Poston Butte the following week. Poston Butte finished 4-6 and ranked No. 24. Pete Wahlheim is in his seventh year with the Sentinels. If he can find a way to stay undefeated leading up to his game with Saguaro, then a better seeding is sure to follow. Sr. RB/DB Kayson Unchurch (5-9) returns with 2018 710 yards rushing, 216 yards receiving and 8 touchdowns.

8. WALDEN GROVE: The Red Wolves look to finish the regular season with a home playoff game this year. A 20-19 loss to Flowing Wells in their opening week hurt their seeding down the stretch. Third-year coach Corey Noble has a realistic shot at an undefeated regular season with WR Jordan Lopez and QB Alex Lopez returning. Alex Lopez threw for 2,659 yards with 29 TDs and he rushed for 624 yards and his twin brother had 1,230 yards receiving. The seniors are looking to get more exposure on the recruiting trail and the wins should help them out in that area. On defense, Noble returns Sr. LB, Rick Avelar III (6-2, 220) and his 138 tackles.

9. GLENDALE: The Cardinals moved down from the 5A Conference and finished with a 9-2 record in their first year at the 4A level. A 53-52 loss to Apache Junction at home in the ninth week prevented an undefeated regular season and the Cardinals lost 49-48 to Sahuaro in the first Round. Rob York is in his fourth year with the program and he will depend on Sr. RB Kevin Daniels (6-2, 230) to lead the team once gain. Daniels rushed for 1,935 yards with 38 TDs and he added 648 yards receiving and 5 more TDs. York added two more defensive coaches to his staff and that defense will be tested when the team travels to play Walden Grove in the fifth week. Sr. DE David Jimenez (5-8, 220), Sr. S Danny Valadez (5-6, 152), Sr. OLB, Dimitri Taylor (5-9, 161) and Sr. CB, Karima Edware (5-8, 153) will be called upon early and often.

10. ARCADIA: The Titans finished 8-3 and ranked No. 5 in their last year in Division III but that 2015-2016 season gave way to a bump to the 5A Conference the next year. Arcadia finished 2-8 in 2017 and 0-10 in 2018. The program was moved down to the 4A Conference the following year and the team responded with a 6-4 record under first-year head coach Kerry Taylor. The Tians started the 2018 campaign with a 5-0 record but a 70-14 loss at Saguaro led to a three-game skid, with losses to Mesquite and Seton Catholic holding the team back from an even more remarkable comeback situation. The same schedule presents itself this year, and the program knows one win from that group of losses will be the difference between the playoffs and staying at home. It could also provide enough power points to break into the top 10. Taylor returns Sr. QB Kadin Beler (1,1718 passing yards and 16 TDs, 746 rushing yards in 2018), Sr. RB Paxton Earl (808 rushing yards, 651 receiving yards) and Jr. WR Crew Edwards (594 receiving yards) on offense and Sr. SS SaMaury Alexander (66 tackles), Sr. DE Trey Brown (62 tackles, 5 sacks and Sr. MLB Nixon Nolan (5-11, 174), 60 tackles on defense.

Taylor Putting Himself, Program on the Map

Jace Taylor, Lake Havasu (photo by Darin Sicurello of max-preps.com)

By Stephen Perez
azpreps365.com

Defying all odds on the football field is no stranger to Jace Taylor.

"I am just a competitive person," he said. "I will not let anyone stop me or get me off my path."

Being from Lake Havasu, Taylor knew from an early age that he would be overlooked because of it.

Instead of letting it tear him down, he used the doubters as motivation to get where he wanted to be.

When Taylor was four years old, his family moved from Las Vegas to Lake Havasu City for job opportunities presented to his parents.

"It is tough because people always doubt you or set low standards for you," he said. "I wanted to set the tone and make a difference and change the culture around here."

The 6-foot-5, 225-pound senior wide receiver from Lake Havasu High School worked hard to get in this position. Now Division I colleges want Taylor to play for them.

He's received offers from South Dakota State University and Northern Arizona University.

"It is always something I wanted to do, be a part of growing up so now that it is finally here I am just taking advantage of the moment," he said.

Taylor did not get there on his own.

He had people in his corner, most importantly his dad, who always believed he could do it when no one else did.

"Freshman year my dad helped guide me, because I was choosing between playing football or basketball," he said. "He helped me answer which one I would be more successful at."

Taylor said his dad helped him come to the realization that he can turn heads with his size playing football.

"Coming out of Havasu you have to catch people's eye," he said. "It is not every day you see a 6-foot-5 wide receiver who has speed and can catch whereas in basketball that is just an average guard."

Taylor believes that his size helps him, but it is his football knowledge that separates him from the pack.

"I have a great understanding of routes and how to run them and knowing what to do on coverages to exploit the defense," he said. "I realized I could play at the next level because of that."

Jace knows he is ready for Division I football.

His mindset, skills and attitude prepared him long before he knew what sport he wanted to commit his time to.

"I had to work, which meant going out on my own doing footwork and catching drills every day," he said. "I am goal driven and I think that is what separates me from most high school athletes and will help me at that next level."

He also wants to continue putting his team and city on the map.

"I really want to win," he said. "I love this team and school and it would be great to go to the playoffs and go further because it is my last season. Winning with them and putting on for our school is a big goal of mine."

Stephen Perez is a student at Arizona State and was an azpreps365.com intern this summer.

The balance of our skill players should make it hard for defenses to focus on taking away any one component. Our understanding of the scheme in year three helps us to play with greater confidence.

Strengths of defense heading into summer: We had a number of student-athletes play on the defensive side of the ball last year which will help us going into this year. Our defense has a number of very intelligent student-athletes, which we hope helps us to play fast and downhill. Our understanding of the scheme in year three helps us to play with greater confidence.

Team's biggest question marks heading into summer: We are replacing three Region Player of the Year student-athletes

and a senior class that exhibited great leadership last season. Can our program handle the success of winning our region last year and build upon it, or do we think we've arrived?

2019 expectations: Have student-athletes that will represent their families, school, and community with class, dignity, honor, and respect. Compete for another Region Championship. Get to the playoffs and see how far we can go. We would like to see growth and improvement as a program.

Daniels' Preferred Form of Punishment: Touchdowns

By Jose Garcia
azpreps365.com

A tackle Kevin Daniels made when he was 11 impacted his approach to the game of football.

The Glendale High senior running back, the state's touchdown leader last year, stopped playing defense after that collision as a youth player. He was playing safety when a wide receiver suffered a concussion and was transported to a hospital.

"I never wanted to do it (hurt somebody) again," Daniels said.

Fast forward to today, and Daniel still feels bad when he physically hurts opponents.

He won't apologize for scoring 43 touchdowns last year. But he will check on the health of a defender attempting to tackle the 6-2, 225-pound Daniels.

He did so during one of the wildest regular season games in 2018. While scoring one of his seven touchdowns in that game, an Apache Junction defender broke his arm near the end zone, trying to take Daniels down.

Immediately after scoring Daniels asked the defender if he was OK.

"I told him there was no malice," Daniels said. "The kid understood."

Daniels is a gentleman on and off the field with some toughness mixed in for good measure.

"My dad (Isaac) always taught me that even when you are playing you have to play with anger, with a passion," Daniels said.

That was evident last year as he led Glendale to its first playoff appearance since 2006 with a senior dominated team.

This year, Glendale is very young, but the youngsters have Daniels to lean on.

Besides continuing to take it to the house, Daniels is also expected to keep bringing good grades home.

He struggled in that area after enrolling at Glendale as a freshman but is turning it around. The progress he's made led to an offer from Northern Arizona University.

"I was so appreciative when (NAU assistant) Junior Taylor offered," Daniels said. "I just kept thinking this is going to open doors for me."

One of Daniels' dreams is to become a physical therapist.

His appreciation for the profession began while recovering from an injury as a sophomore. He was so thrilled after he was cleared to play that he gave his physical therapist a big hug.

He hasn't stopped running since. Daniels has rushed for for 3,409 yards and scored 72 touchdowns in his career.

Running back Kevin Daniels, Glendale

He needs 31 touchdowns to tie Christian Kirk's (Saguaro, Arizona Cardinals) career 4A state record of 103 touchdowns.

"I never thought I could score that many," said Daniels about scoring 43 touchdowns last year. "That was cool and fun."

Do it again and he'll double his fun.

Also keep an eye on: Sr. RB/DB Reece Humeyestewa (5-10, 170); Jr. RB/CB. Demetrious Harmon (5-6, 140).

Strengths heading into summer: Our team's weakness will be the experience on our defense and offensive lines. We return all of our lineman and they have been working hard in the off season to get stronger. Our line will be led by So. Gilbert Calderon and Jr. Mario Cruz. Our biggest weakness is going to be our skill guys. If Jr. Dominick Sanders and Sr. Travion Hughes can stay healthy, they will anchor our offense and defense. Biggest question mark is who is going to play QB for us. During Spring Football two players emerged as possible starters, So. Gabe Segovia and Sr. Dae Dae Zachary.

2019 expectations: After our QB went down with a high ankle sprain in our first region game last year and was out for the remainder of the season, we are trying to recruit more basketball, baseball and wrestling athletes at our school to play football so we can be deeper on the bench. Our Seniors this year are small in numbers but hungry to get to the playoffs and win a region title. We have several players returning players on the offensive line and defensive line if we can find quality skilled positions on both offense and defense, we should be able to complete for a region title. Our goal is to win the region title and a return to the state playoffs. We open with a difficult region game versus the Dysart Demons so we will be tested early.

Strengths of defense heading into summer: Returning 1st-team All-state LB, Rick Avelar III, Led all of AZ in TFL last season. Great group of athletes returning in secondary. Strong at the DE position.

Team's biggest question marks heading into summer: How we will replace the 7 OL/DL starters from last season. Will we continue to work hard to build the program. How will we continue to grow as a program. Replacing a lot of starters on defense that was #2 in 4A last year.

2019 expectations: Be the best WGHS football team we can be. Increase our team GPA to over a 3.4 (Has gone from 2.5 to a 2.8 to 3.2 last 2 years). Host a playoff game. Win a playoff game. Continue to develop great leaders and young men in the community and classroom.

College Decision Out of the Way Time to Focus on Team, Season for Ransom

Lathan Ransom, Salpointe Catholic (photo by Mark Jones of maxpreps.com)

By Andy Morales
azpreps365.com

His numbers might seem almost ordinary to those who have never seen him play, but Salpointe senior Lathan Ransom is far from ordinary.

Ransom collected no less than 28 offers from Power Five conferences, including 10 from the Pac-12 and nine from the SEC. Teams from Alabama to Oregon were fighting for his signature, but Ransom released his top five choices and only one SEC team made the cut, and it wasn't Alabama.

Ransom whittled his choices down to Ohio State, Oklahoma, Nebraska, Notre Dame and LSU on June 4 and questions started to fly in about the lack of interest in ASU and the University of Arizona. He finished the 2018 season with 625 yards receiving (23.1 yards per catch), 82 tackles and six interceptions, but he's taking his skills to where he feels they will be best suited.

Ransom made that final decision on his birthday, July 16. He chose Ohio State and the move reportedly moved the Buckeye recruiting class to No. 2 in the nation.

It might move up again if another Salpointe standout joins him there.

"All the coaches have been great, and they've been supportive of my family," Ransom said. "It's a great process."

Salpointe is loaded.

Most eyes will be on senior standout Bijan Robinson and for good reason. Robinson has a slew of college offers of his own, and he's on the verge of breaking the state rushing record for the 4A Conference.

But also nine of the top ten defenders return for their senior seasons.

"We have three quarterbacks to choose from, and Bijan is back," Ransom added. "We have all the linebackers and secondary back. We feel we can compete with anybody this year, so we are hoping for the Open bracket. That's where we want to be."

QB Treyson Bourguet (6-2, 190).

Strengths of offense heading into summer: Skill positions bigger and faster than we have been in the past. Obviously headlined by 2-time 2000 yard rusher Bijan Robinson. Big QBs with talented arms should have healthy competition. Overall numbers of returners - we should be better than last year's team.

Strengths of defense heading into summer: Our back 7- LBs and DBs are veterans - Very athletic and physical.

Team's biggest question marks heading into summer: Offensive and defensive line. We need a few kids to step up and we will be solid. We have a few key starters returning but depth right now is a question.

2019 expectations: Win our region. Undefeated regular season. Win a State or 4A Championship.

Vista Grande

Head coach: Chris Semore.

Years as school's head coach: 2.

2018 record: 2-8.

Returning starters on offense, 2018 stats: Jr. WR, Jace Atkins 5-10, 165; Sr. OL, Roberto Barrera (5-11, 200); Sr. OL, Omari Smith (6-1, 300); Jr. OL, Calvin Valazquez (6-0, 225).

Returning starters on defense, 2018 stats: Sr. DL, Omari Smith (6-1, 230); Sr. DL, Elijah Montijo (6-0, 220); Sr. LB, Roberto Barrera (5-11, 200); Sr. DB, Mateo Garcia (5-8, 145).

Also keep an eye on: Jr. WR, Christopher Hernandez (5-10, 165); So. WR, Tyrese Constable (5-9, 160); Jr. OL, Skyler Higdon (6-4, 280).

Strengths of offense heading into summer: Increased strength and speed. Competitiveness.

Strengths of defense heading into summer: Going to be more athletic on the defensive side.

Team's biggest question marks heading into summer: Experience.

2019 expectations: Compete every day. Improve every day.

Yuma Catholic, 2018 3A Football State Champions (photo by Darin Sicurello of maxpreps.com)

By Andy Morales
azpreps365.com

1. YUMA CATHOLIC: The Shamrocks reached 11 wins for the eighth time in Rhett Stallworth's 10 years with the program, but it was the elusive 12th win for the state championship that some will remember the most, and that's unfortunate. Stallworth has earned at least 10 wins a season for a reason and success should not only be measured by what kind of trophy a team brings back from a state championship game. Granted, by his own accounts of having almost no strengths returning from defense, coupled with only one lineman returning, is cause for concern, but Stallworth still has Sr. QB Gage Reese and his 4,661 yards passing and 64 TDs — all in 2018 — in his pocket along with Sr. RB Ean Chavez and his 1,458 yards rushing (24 TDs) and 1,121 yards receiving (13 TDs). Look for another 10-win plus season

2. AMERICAN LEADERSHIP ACADEMY – QUEEN CREEK: The Patriots are eligible for the postseason for the first time since winning the state championship in 2016. Technically, the team made the semifinals in 2017 but all wins were subsequently vacated due to the use of a player who had already

graduated. The Patriots finished 8-2 last year, which could have placed the team near the top four heading into the playoffs. Sr. QB Rand Jensen (894 yards passing) returns along with Sr. WR Ethen Cluff (565 yards receiving) and So. RB Aziyah Jamison (672 yards rushing). Head coach Rich Edwards will be counting on his team's experience at all skill positions and the schedule is set up for success if the team can focus on each week rather than the suspension. A trip to Yuma Catholic in week five could be the deciding week, and it will continue the rivalry between the two schools that was fueled by a 28-21 victory over Yuma Catholic in the quarterfinal round of the forfeited season. The Shamrocks beat the Patriots 49-27 last year.

3. NORTHWEST CHRISTIAN: Northwest Christian entered the 2018 playoffs as the No. 1 seed, but Yuma Catholic went in the postseason as the favorite. The Crusaders lost to Yuma Catholic at home, 36-30, in week two, and the team beat Benjamin Franklin 21-13 the next week, but no team was able to get within 17 points of the Crusaders the rest of the way until Yuma Catholic came calling once again in the state championship game. The Shamrocks led 27-20 in the final moments of regulation, but Northwest Christian was able to punch the

ball in with nine seconds left to send the championship game to overtime. With the score tied 34-34 after first overtime period, Yuma Catholic fumbled away an opportunity to win the game in the second overtime and a touchdown pass from Easton Meier to Dustin Inness secured the third state championship in Crusader history. Inness was one of 20 seniors on that team. The list of graduating seniors included Aren van Hofwegen and his 1,635 yards rushing but longtime head coach David Inness comes back with a solid position at quarterback and a firm defense behind DB Cameron Adams.

4. SABINO: Sabino lost to Yuma Catholic 75-43 in the semifinal round last year but the Sabercats look to enter the 2019 playoffs with a much higher ranking than last year. Head coach Ryan McBrayer is in his third year with the Sabercats and returns most of his starters from last year except for graduating senior MLB Richie Piña and his 136 tackles. QB AJ Skaggs (1,624 yards passing, 20 TDs) returns for his junior season and Jayson Petty is now a senior. Petty pulled 554 yards last year, and he also came up with 41 tackles and 10 sacks. Look for sophomore TE Michael Masunas to contribute right away. A favorable schedule might have the Sabercats looking at a 9-1 record, or even a 10-0 record, come playoff time. The team suffered back-to-back losses to Casa Grande and Sahuaro to start out the season but both of those teams look to be very beatable this fall.

5. SNOWFLAKE: Snowflake lost to Sabino in the quarterfinal round last year, and the Lobos might actually come back even stronger than the No. 3 ranking the program earned last year. It all begins with the return of Sr. QB Ethan Ramage and his 1,653 yards passing and Sr. RB Brigden Turley and his 821 yards rushing. Five of the top six receivers graduated, but head coach Kay Solomon believes his squad can increase the offensive output from last year regardless. The Lobos are also looking at a near perfect regular season this year. A 14-8 loss at home to Benjamin Franklin in the second week prevented a top seed for the Lobos. Look for the squad to key in on that game this year.

6. VALLEY CHRISTIAN: The Trojans haven't won a state championship since 2009 but a jump from a No. 22 ranking in 2017 to No. 5 last season has the team hoping for more. Even better, the team from Chandler made it to the semifinal round before meeting up with No. 1 seed and eventual state champion Northwest Christian. Kirk Sundberg took his team to the semifinals in his first year with the program and he's relying on the experience and talent from his quarterback position (Vinnie LaGatta) and the versatility of his skill players to launch another successful season. Plus, Sundberg reports he only lost one starter in his defensive backfield. Each week matters and a 23-21 loss at Arizona Lutheran in week three might have made the difference between a No. 5 ranking and a No. 4 ranking. The Trojans avenged a 22-15 loss at Page in week four with a 28-20 win at Page in the quarterfinal round, which only serves as an example of the growth the team made within one season.

7. PAGE: It's been 43 years since Page has played on the final day but the rise from a No. 34 ranking in 2015, to No. 17 in 2016, to No. 13 in 2017 to No. 4 last year has the Sand Devil faithful wondering what could be in store this year. But

the loss of Mitchell Stephens is a huge setback. Stephens coached the Sand Devils over the last seasons (18-5), and he came oh so close to reaching the quarterfinals but he came up against a resurging Valley Christian squad. Page also lost the services of RB Kele Meredith to graduation. His 2,154 yards rushing and 19 TDs will be hard to replace, but Jr. QB Robert Smith (579 yards passing and 786 yards rushing) could be the key. Staying in the top ten and winning another 3A North championship is key for the program. Anything that happens after that would be gravy. This could be one of the most important seasons for the San Devils in many ways.

8. SAFFORD: The Bulldogs took out No. 7 Odyssey Institute 34-0 in the first round last year but the reward was a trip to Yuma Catholic in the quarterfinals and a 65-28 loss. Still, quite a few had Odyssey Institute making that trip to Yuma. An 0-3 start to Snowflake, Wickenburg and Thatcher was hard to overcome but the Bulldogs went on a roll and almost knocked off Sabino in the final week of the regular season. The 20-17 loss changed the fortunes for both squads. One team earned the right to meet Yuma Catholic in the semifinal round at a neutral site while the other had to face them at Yuma. Eric Hjalmarson is in his third year with the Bulldogs, and he has all of his offensive weapons returning, including Jr. CJ Scrivner and his 1,149 yards rushing. In fact, eight of his top skill position players on offense return along with Sr. LB Robert White and his 105 tackles. The Bulldogs could be the wildcard team this year.

9. BENJAMIN FRANKLIN: The Chargers started the 2018 season 3-4 but three wins in a row gave the team the automatic berth from the 3A Central Region and a No. 9 ranking heading into the state playoffs. American Leadership Academy – Queen Creek finished 8-2 overall and 4-0 in the 3A Central Region but the Patriots were ineligible for postseason consideration. Franklin will come back with an experienced line, with four offensive linemen returning and five of the front seven defenders returning. An early 6-point loss to ALA – Gilbert North might have been the factor that kept the team from the top eight and a chance to host a first round game but the Chargers still put together a 35-6 win at No. 8 Wickenburg. No. 1 Northwest Christian beat Benjamin Franklin 35-7 in the quarterfinal round. The Chargers also lost to 21-14 at Sabino, which shows the importance of every game in the conference.

10. PUSCH RIDGE: The Lions finished 5-5 last year, but a 35-34 loss to Safford in week nine cost the team a top ten ranking. Jr. RB Evan Lovett (6-1, 195) finished the season with 1,192 yards rushing and 204 yards receiving and collected 20 touchdowns, including two fumble returns and three kickoff returns. He also had 63 tackles and five sacks. Lovett also punted and he kicked off. Head coach Jerry Harris is concerned about his QB position, but his defense is solid with Sr. DB Antone Brack (5-11, 140); Sr. LB, Ryan Garcia (5-8, 170); Sr. LB Jackson Kubiak (66 tackles), Lovett and Sr. DL Phillip Raica (45 tackles) setting the tone. The Lions started out 1-3 last year and that might happen again this year, but the team will have to refocus for region play like it did last year with the belief that one more victory will improve its playoff position.

Strengths on offense heading into summer: Older skill position players who have experienced playing multiple spots, which can make us versatile in our attack. Small but quick and will take advantage of having athletic individuals in all 11 spots.

Strengths on defense heading into summer: Athletes who love to play hard and fast. What is lacked in skill will be made up for in effort and communication.

What are your biggest question marks heading into the summer: Can we finish the season? After forfeiting the last two games of the season last year, due to ineligibility and health issues, can we finish the year and start to change the culture here in Holbrook. We are building something special but will not sacrifice doing things the right way to get back on track. We believe by doing things the right way first, over time the culture will come and 'The Holbrook Way' will be established. Consistency in coaches and players over the past two years resulted in an uphill battle, but we had a descent showing during spring ball. Everything has been laid out there. The upperclassmen know what is at stake.

2019 expectations: Develop the 'new normal at Holbrook'. We will establish a way of doing things the right way but will carry on for years to come. Develop an understanding of do right, do your best, and consider others in all situations. Develop a tradition of leadership and accountability. Develop an understanding that football is a pathway to give us life skills, such as teamwork, hard work, being on time, discipline, persistence and commitment. Tools that will carry us and allow us to be the best we can be in whatever we choose to pursue. Develop a team identity, what is our team about? How will we compete in practice? How will we compete in games? How will we compete when things go best? Develop a giving relationship with our community and other groups on campus. Understand the greater good.

Florence's Terry Ready to Lead Troops

By Andy Morales
azpreps365.com

Florence is located southeast of Gilbert, just beyond Queen Creek and San Tan Valley.

It's a community with about 35,000 residents. One would have to believe that Regen Terry is probably one of the most recognizable faces in town – especially on Friday nights.

He stands 6-feet, 4-inches and weighs 225-pounds and. The Florence High standout also is walking around town with 13 Division I offers.

azpreps365.com caught up with the big man on his campus and community before he really starts terrorizing offenses.

Q: Tell us about your college offers and what your timeline is for making a decision. We understand you have 13 offers and some recruiting sites have predicted you will chose Boston College.

A: Yes, sir. I have 13 offers right now and I hope to get that down to my top six by the end of July or maybe the first week of August. I plan on making my final decision for the early signing period. I made about six or seven visits, and I will be visiting Utah next.

Q: You have some strong connections with Boston College. Can you tell us about those?

A: My father (Reggie Terry) works there (Terry is in his fifth season as assistant athletics director for football operations and player personnel.) and my brother, Reggie Terry Jr., plays there (6-4, 240 redshirt sophomore DE), but I haven't made that decision yet.

Q: You came to Arizona in 2007 because your father worked for the Arizona Cardinals as the director of football administration. Why did you pick Florence?

A: We moved here from New York and we felt it was a good fit. It's a great community and we found a place where we could come to high school and make a mark for ourselves.

Q: Florence must be pretty excited for your success.

A: Yes. We had a down season last year. We are working hard as a team and, for myself, I want to cap off what I did last year (75 tackles, 35 unassisted and 5 sacks) and put my head in the dirt every six seconds and try to make a statement.

Q: What positions have college coaches told you they would like to see you play?

A: I'm very multiple, and I can play end or even outside line-backer. I feel I can dominate at any position they will put me in.

Q: Tell us about a player on your team who deserves more recognition.

A: Our running back Joshua Maignan. He's a very good player – a baller straight up. He will control the offense and I'll do the same on defense. We are a good duo.

2018 record: 7-4.

Returning starters on offense, 2018 stats: Sr. RB, Ahmed Momoh (6-1, 191); Sr. WR, Caden Poole (6-0, 175), 287 yards receiving; Sr. WR, Hunter Richards (5-8, 150); Jr. LT, Hafeez, Momoh (6-2, 208), 570 yards rushing; Jr. QB, Shane Davenport (6-2, 175); Jr. C, Brandon Becher (5-8, 165); Jr. G, Sal Luna (6-0, 255); Jr. G, Evyn Lappe (5-10, 172); So. Returning starters on defense, 2018 stats: Sr. SS, Ahmed Momoh (6-1, 191), 73 tackles, 12 sacks; Sr. CB, Caden Poole (6-0, 175); Sr. DT, Canyon Coplan (5-11, 185); Jr. MLB Momoh Hafeez (6-2, 208), 111 tackles, 5.5 sacks; Jr. DT, Sal Luna (6-0, 255); Jr. MLB, Evyn Lappe (5-10, 172); So. CB, Boden Davidson (5-9, 158).

Also keep an eye on: So. ATH, Bruin Smith (5-11, 170).

Strengths of offense heading into summer: Experience. We started seven under classmen on offense last year. Speed.

We've got fast skill players and a fast o-line. Also last year's Region POY, RB Ahmed Momoh, is our fastest player. Depth. We've got 5-6 WRs who could all start. Two good QBs. Eight quality O-linemen.

Strengths of defense heading into summer: Experience, with seven starters returning and young guys ready to step in we should be a very stingy defense. Aggressive. Ahmed Momoh was second in the state in sacks last year with 12. We also have several others than can get after the QB. Growth, with so many young starters last year it will be fun to see how they compete with added strength and size. Our best defender, Hafeez Momoh, has added 15 lbs. of muscle and gotten much stronger.

Team's biggest question marks heading into summer: We have athletes, we have experience, can we take the next step and compete against the big boys like NWC, Valley Christian, and others.

2019 expectations: Our goal for 2019 is to be in every game. We should not have big losses like last year because we won't be as young and inexperienced. We also want to see a big jump in our offensive production. With more upperclassman in starting roles this should be accomplished. My expectation is that we go from five wins to more like 7 or 8 wins in the regular season.

Returning starters on defense, 2018 stats: Sr. DB, Cole Sundt (5-9, 170); Jr. DB, Marcus McWilliams (5-10, 165); So. DE, Sean Phelps (6-2, 210); Sr. LB/S, Tyson Heyn (6-4, 180); Jr. LB, Darion Martin-Dantzler (5-10, 185); Sr. DL, Joe Dickerson (5-9, 210); Sr. LB, Tate Whitlow (5-11, 200); Jr. DL/LB, Cooper Payne (6-1, 185); Jr. LB, Luke Webb (5-10, 190); Jr. LB, Jace Feely (6-0, 175); So. LB/S Matthew Hershey (5-8, 175).

Also keep an eye on: Sr. RB/DB, Connor Wiejaczka (5-8, 150); So. RB/DB, AJ Krahling (5-8, 150).

Strengths of offense heading into summer: Offensive line has been together for three years and is made up of a bunch of really great young men. Our running backs are fast and aggressive. We have multiple young men who can play QB, as they are knowledgeable and coachable. The young men in our program have been very receptive to our new offense and are ready to work.

Strengths of defense heading into summer: We have a really strong and aggressive defensive line. Smart linebackers who flow to the ball and attack. New defensive scheme this season will put our young men in position to make plays and get takeaways.

Team's biggest question marks heading into summer: New coaching staff, new offense, new defense: How will we respond?

2019 expectations: Playoffs. Team GPA over 3.25. +15 take-away margin. 4,000 yards of total offense. Average 35 points per game.

Mike Morgan, St. Johns Head Coach (photo by Jim Willittes of maxpreps.com)

By Oree Foster
azpreps365.com

St. Johns High School football coaching legend Mike Morgan has been there and done that throughout his illustrious 40-year career.

But what he might accomplish this year can't be overlooked. With 327 victories, Morgan is eight wins from passing the late, great Paul Moro on Arizona's all-time coaching win list.

The wins belong to a coach, but Morgan can come up with 327 reasons why his family, friends, players and the St. Johns community also deserve credit for getting him to this point.

"High school sports are competitive," Morgan said. "Football is a competitive sport. I love football. Coaching kids is rewarding, and continue to coach for the love of the game."

Since his successful high school journey began at Coolidge High as a student, Morgan's was mentored by some great coaches along the way.

At Coolidge High, where he excelled in football as a wide receiver and defensive back and as a pole vaulter, Morgan played football for coaching legend Alva Hawkins and competed in track and field for Richard Maynes.

Hawkins was in attendance when Morgan won his 250th game. After graduating from Coolidge 1973, four-time U.S. track Olympian George Young recruited Morgan to compete for him at Central Arizona College.

Morgan said Young inspired him to become an outstanding student-athlete.

"I learned a lot from coach Young," Morgan said. "Coach Young had tremendous work ethic. He was like a machine. He made me realize that I can compete with anyone. He was a dedicated world class athlete. His coaching philosophy made me realize I wanted to coach as well."

But before placing a whistle around his neck, Morgan graduated from Central Arizona with a two-year degree and and first-team All-American Nation Junior College All-American pole vaulting honors.

He also became a conference pole vaulting champion at Northern Arizona University in 1978, when he cleared the 17-foot mark during a regular season meet. It was then that Morgan's coaching experience began, first at Chinle for two years and then at Ganado High, his first head football coaching stop.

At Ganado, Morgan converted a small condemned maintenance building into a weight room and the football program into a winner.

"A few years ago, I took my St. Johns team to play in Ganado," he said. "Many of my former players and the Ganado community were at the game. They came over before and after the game to talk. It was great to see everyone again. My former players and Ganado community treated my wife, Diana, and myself with respect. My former Ganado players now

Morgan and his son Clint (photo courtesy of the Morgan family)

have kids that are participating. I will always remember my former Ganado teams, players and community."

After a 7-year run at Ganado, it was time for new challenges — St. Johns High, White Mountain-area football and championship battles.

It took Morgan just three seasons to turn St. Johns into a 2A Conference power and complete one of the state's greatest runs. From 1992-95, St. Johns won 43 games in a row and became the first 2A program to win three consecutive championships.

A seven-year championship drought ensued but ended with the help of Morgan's two sons, Vince and Clint, quarterbacks who led St. Johns' offense and defense during a couple of state championship runs.

Vince guided the team to a 2000 state runner-up finish, and Clint led St. Johns to a 2002 title and 2003 runner-up ending. The 2007 and 2008 seasons marked the last time St. Johns and Morgan lifted the championship trophy.

But the Morgan football coaching, championship line doesn't end with Mike. Mike's brother, Bill, won a couple of titles while Valley Christian and another ring at Show Low.

The Morgan family tree of coaching and teaching

can be traced to Morgan's parents, Don and Janice. Don and Janice were educators at Coolidge High.

Morgan is 64 and will continue to give St. Johns all he has. He returns a veteran, state-title contending team this season.

Will this be his last season?

If it is, it might turn into one of the more memorable ones for Morgan.

For now, he's appreciating every moment of his unfinished coaching journey.

"I've been blessed to coach this long," Morgan said.

EDITOR'S NOTE: The author of this story, Oree Foster, and St. Johns head football coach Mike Morgan were classmates at Central Arizona College in Coolidge, Arizona. Foster and Morgan remain close friends to this day.

By Jose Garcia
azpreps365.com

1. THATCHER: Nineteen starters and coach Ramon Morales' beard and curly locks are gone. A new chapter is about to start for the three-time defending champ. Teams are sensing that, with so many new faces at Thatcher, they might finally have a chance. But they also know that the 2A title road still goes through the Thatcher. Morales decided around Christmas that he was returning for one more season. "We want to continue the culture and environment we've created here," the 64 year old said. Most of the coaching staff, including offensive coordinator Don Conrad, also are returning. The Eagles won't have a 6-deep backfield rotation like last year. But it'll still have the luxury of using 4-5 backs, with seniors Bretton Dodge and Gavin Bryce getting most of the carries. It appears that Jr. Mark Wren will start at QB. He's familiar with the offense, having run it on JV last year. The o-line, the program's centerpiece in its option game, returns two solid starters in seniors Spencer Stevens and Graeson Schreck. The other o-line starters got playing time last year. Collin Thompson, one of the elite players in 2A, is a bull. He'll be charging from multiple positions, including DE, TE as well as guard. "I think if we can stay on course, embrace the process and have kids step

up, who knows," Morales said. "I think we have enough talent to make it interesting. Let me put it that way."

2. ST. JOHNS: This might turn into a memorable season for the program. A lot of varsity experience returns as well as coach Mike Morgan for his 30th season. Third-year starter QB Ramon Sanchez worked a lot in the offseason and will see some playing time at LB this year. Protecting him will be an offensive line that returns six linemen who saw a lot of action last year. The team will need to replace an All-State WR but 6-3, 185 Graham Nielson, a transfer and some young talent will pick up the slack. Plus, there's two-time state wrestling champ Tanner Crosby at slot and RB. The secondary might be the biggest concern but does have depth there. The four leading tacklers from last year return, including Sr. Tate Skousen. "We look good on paper, but paper means nothing," Morgan said. "We feel we can play against anybody but know that there are no slouches. There are 4-6 very good teams this year."

3. ROUND VALLEY: "It's one of those years where we will wait and see what happens and go with it," said coach Marcus Bell about all of his new starters. "We have a bunch of guys who are working hard and going through the process. We have good

speed." A lot of new faces might start, but the same coaching staff returns for its 9th consecutive season. The skill positions are young, but that's where the speed is. The offensive and defensive lines are new but have ability, Bell said. The main threat in the backfield will be a two-year starter at LB, Marc Irigoyen. Senior Dylan Jordan and first-year varsity player Seth Willbank will also get their share of carries. "We have a good group of kids who are working hard and are coachable," Bell said. "They are looking for a chance to get on the field and break out."

4. PHOENIX CHRISTIAN: The Cougars will be in the state title race if they stay healthy. They are strong in the trenches, especially with Zach Cole (6-4, 260) and Mark Hocking (6-3, 270). They'll open gaps for one of 2A's best names and running backs, Man-Man Freeman, a force at linebacker also. With Freeman, three-year starter Nate Sandoval, Hocking, DE Marcel Pierre and DE Cristian Sanchez, it'll be tough to run against the Cougars. The team will return only one DB, but in Cole's opinion he's a D-I prospect (Jr. Howard Russell). With the Cougars lacking skills players, Russell will also be a slot receiver. The Cougars also lack depth but will get some reinforcements after Week 5. The QB starting job will come down to the "tough" Jose Herrera and North High transfer Adrian Fleming. The team's 11-game schedule includes a game against 3A state contender ALA Queen Creek.

5. SANTA CRUZ: Santa Cruz's youngsters learned the hard way last year that nothing will be given to them. That reality set in after they lost their season opener and the team didn't make the playoffs. "Because we've had so much success, some of the boys thought it was going to be automatic," coach Rashard Davis said. A 2018 team heavy with sophomores, Davis hopes, has grown up. That maturity will be tested early since the team will be without its top back and returning leading tackler, Hunter Ogle, in the early going while he recovers from hernia surgery. But the team will have quarterback Austin Hukill back. Hukill's junior year was trying for personal reasons, but he's ready to lead his team, Davis said. He'll play behind an o-line that returns every starter except for one. The team is more experienced but will only dress six seniors. One of those seniors, Evan Clute, was the second leading rusher last year and will have to carry the load in the backfield along with the strongest skill player, Soph. Ricardo Alaniz, while Hunter recovers. The team's front-7 is "tough" but needs to find a free safety who can roam and do it all.

6. BENSON: Offensive line. It ends and starts there for coach Chris Determan. "That's it," said the 17-year coach. "Truth be known." This year's line will be a mix of young and older players. Two freshmen played on the line last year. That's because the injury bug bit the team. The starting QB, Talon Palmer, didn't play in 2018 because of an ACL injury, but he's back and so is his leadership. The team has to settle on a fullback but the run game is in capable hands with D'ondre Villalobos and Carson Barney, and there's depth at that position, too. Barney also is the team's strong safety. He's not a big kid but balls out for his team on every down. Benson has them but needs to develop some linebackers, Determan said.

7. MORENCI: Joe Garcia, Morenci's defensive coordinator the past 6-7 years, was named the head coach this season. Garcia

used to be Wilcox's head coach for several years. Morenci will welcome a lot of new starters this year but the expectations continue to be high. "The new starters have some experience, but they now get to be the main guys," Garcia said. "We'll see who steps up." Sr. tackle Zachary Esparza, a three-year starter, Sr. center Omar Ortega, a two-year starter, and second year starting QB Brandon Blair are the mainstays on offense. It'll be running back by committee this year, Garcia said. The team will dress only six seniors. "We definitely have a lot of work to do but the kids are willing to embrace the challenge," Garcia said. "We'll go as far as their work ethic takes them."

8. SCOTTSDALE CHRISTIAN: Nate Holtz took over as head coach on May 11, but it didn't take him long to get everybody on the same page. "I feel like we are in a good spot as far as what we've installed, but even bigger the culture we've established with the players, parents, coaches and administration," said Holtz, an area representative for Fellowship of Christian Athletes. "I think we are beyond the feeling out process. We are moving in a strong direction toward something special." Holtz used to coach in college for 13 seasons and served under Desert Mountain coach Conrad Hamilton when they were at Chaparral. Scottsdale Christian didn't lose all of its skill players after all. Wide receivers Ben Carver and Ben Tobin will be a couple of focal points on offense. Sophomore Jake Brugman will step in as the new QB in SCA's spread system. The running backs in SCA's stable will likely rotate. The offensive and defensive lines lack depth but possess a key player, junior Will Chambers.

9. TRIVIUM PREP: In its first year in 2A, the Knights were more of a finesse team. In its second year, it'll rely more on its power. The Crimson Knights made a big first impression last year by finishing 10-1 and winning a first round round state game. "Since we have the same schedule we hope to recreate what we did last year and go a step further in the playoffs," coach Michael Spencer said. "But we know it's going to be tougher." Sr. RB David Marquez's (1,175 rushing yards 23 TDs) shoulders are big enough to help carry the team this year. He'll run behind an offensive line that's added some muscle and pounds. Sr. Kade Gutierrez, the team's leading tackler last year at MLB, will start at QB this year. Gutierrez likely won't see as many reps on D. The front 7 returns almost everybody.

10. TONOPAH VALLEY: The Phoenix finished the 2018 regular with a 7-3 regular season but didn't make the playoffs. The 18 seniors on the team are planning to show they deserved a playoff invite. Besides probably St. Johns, nobody in 2A returns as much starting lineup experience as Tonopah Valley. Fourteen of the team's 15 returning starters are seniors. "The leadership we have, it's nothing like I've seen anywhere I've been," coach Dustin Johnson said. "They don't point a finger." The general of the team is QB Cooper Arndt, whose 4.5 speed will help direct the team's wing-T. He'll work with an offensive line that goes, from left to right, 240, 200, 230, 225, and 280 and is mobile. LB/RB C.J. McClure and Arndt figure to lead the team in rushing yards for the second consecutive year. The team lacks depth but a key piece returned to the team, center Kevin Hernandez, after a year off.

Strengths of offense heading into the summer: We are going to have more experience with our offensive line this year.

Strengths of defense heading into the summer: One of our strengths is going to be experience because most of our returning players were underclassmen.

Team's biggest question marks heading into the summer: Conditioning would be our team's biggest question mark. Getting our players to practice during the summer is a challenge because of where they live is far from our school.

2019 expectations: Our goals for the team is to win a couple of games this year and give these kids some confidence, changing attitudes to a winning attitude.

Region notes: Greyhills Academy finished 2-7 last season. ... Many Farms failed to win a game last year for the first time since 2008. The team did have nine freshmen on the roster, however. ... Last year, Pinon reached the five win mark for only the second time since 2004. That was a great turnaround considering that in 2017 it failed to win a game for the first time in the program's history. ... Red Mesa has reached the 9-win mark only twice since 2004. Last year was one of those times. Red Mesa also came close, as the 15th seed, to defeating No. 2 Trivium Prep in the playoffs. ... After a 7-2 season in 2017, Rock Point took a step back last year after finishing 3-7. ... Valley, which had eight freshmen on the roster, will look to improve after a 1-8 ending last year.

Oscar Frias, the team's starting QB, was a sophomore last year, and his three top receivers were underclassmen last year. ...

Dano Lopez- Despite missing 2 games in 2017, and 1 game in 2018 due to injury, has put up back-to-back 60+ rec. seasons, with 900+ yards as a sophomore and a 1,000 yd season as a Junior. Offensive Line- returning an entire offensive line unit that has a combined 104 starts, a great deal of size, and depth.

Strengths of defense heading into summer: Experienced Secondary- Returning 3/4 DB's. Team Speed- Overall Unit speed is a strength going into 2019. Christian Contreras- Christian emerged as a sophomore to become a force to be reckoned with in the middle of the defense in 2018.

Team's biggest question marks heading into summer: Graduating 2, 3-year starters at ILB, how their successors fair this season is a big factor in the success of our defense. Who is going to step up over the course of spring and summer workouts. Defensive Play- We must improve defensively in 2019 in order to meet expectations. Attrition- Have to stay healthy, strong depth on the offensive line, but less depth at the skill positions. Separating ourselves from the pack- The top end of the 2A conference is clearly defined. The rest of the conference is up for grabs, with our seniors needing to step up and play consistent, smart, and tough football all season.

2019 expectations: Strong spring and summer commitment. Improve everyday. Prepare every week at a high level. Score enough to win each week. Be the more Physical Team Each Week.

More about the program: With the majority of starters returning in 2019, expectations are high. However, our message is that all teams go into pre-season with their expectations high, and for us to have a special 2019 season we have to stay focused and prepare well every single week. We have to do what it takes to emerge as a top tier team in 2019, especially after a disappointing 2018 campaign.

Region notes: Coach Richard Sanchez's first season at **Santa Rita** didn't turn out the way he wanted, but it takes more than just one season to turn a program around. But expect a better performance as Santa Rita returns everybody except three seniors. The team will look to snap a 19-game winless streak. ... **Tombstone** jumped from zero wins in 2017 to five victories last year. But its workhorse, Tyler Wilridge (2,393 rushing yards 29 TDs), graduated and so did WR Deandre White (9 TDs). But leading tackler Jacob Bonilla (109 tackles) was a junior last year. ... Coach Alonzo Highsmith continued to bring **Willcox** back to prominence. Last year, the program finished 7-4, its first winning season since 2012. The team reached the playoffs, losing to a quality St. Johns team in the first round.

Strengths of offense heading into summer: The strength of our offense is in the number of returners coming back that are familiar with our system and the seniors' excitement for their last high school football experience.

Strengths of defense heading into summer: The strength of our defense going into the summer is the hiring of our new defensive coordinator, Mike Guizar. 1. WILLIAMS: Williams and Superior were on a championship collision course until injuries derailed Williams' championship dreams last year. This year, with almost everybody returning and healthy, there's no arguing that the Vikings are the favorites. "We understand that totally," coach Jeff Brownlee said. "It's a fresh start, but what happened last year is fueling our kids. Our kids are in full throttle mode and excited about coming back."

Williams' work-horse, RB/MLB Chance Pearson, has fully recovered from from a first-round leg injury and is bigger and faster. "I feel like this is the year of unfinished business that we need to take of," Pearson said. The left guard position is the only hole Williams' senior laden team needs to plug. On defense, the same faces return after last year's disappointing state semifinal ending. "I don't want to sound overconfident," Brownlee said. "But we are a solid team in all phases."

2. BAGDAD: Is Bagdad getting that three-year championship itch? The program won it all in 2013 and 2016 and in 2019 is well-equipped for another championship run. Bagdad returns every starter except for one from a 2018 state quarterfinal team. That one missing cog, center Owen Barton, was an exceptional

one, though. Owen never fumbled a snap during his 4-year starting career. Junior Kendrick Guthrie spent some time at center last year and will move there permanently. On defense, Bagdad's strength, the team's strongest player, Jayse McDonald, steps in for Barton at nose guard. There's depth on the defensive line, allowing the team to two-platoon there. But the disrupter, OL/DL Brady Finnerty, won't see much time on the bench. The 6-3, 245-pound Finnerty is arguably the best player in 1A this year and is getting college attention. The team's leader is senior RB/LB Carson Jeans. Speaking of seniors, the 8 or 9 on the team are a united bunch that have played on the same teams for quite a while now. "This is the last ride for the seniors," coach Dalton Mills said. "They won the title as freshmen and in baseball two years ago. I look for them to finish strong in both sports this year."

3. SUPERIOR: The program, which has lost just four games in the past four seasons, is reloading not rebuilding, coach Ryan Palmer said. The winning culture Palmer and his boys established was rewarded last year with the school's first official state championship victory. It's time to defend the title. In Week 2, Superior gets its first big test, Bagdad, and by Week 5 it should know where it stands. Team speed, the play making ability of junior Adam Navarrette and senior leadership of G/DE Daniel McConnell will help the team win and stay in tough games. Also, RB

Gabriel Otero is coming off an impressive playoff run, and for the first time under Palmer (10th year as coach) his team's offensive strength will be its o-line. Soph. center AJ Lara (6-2, 270) is strong and started as a freshman. One of the biggest 1A questions is who will be Superior's QB. Soph. Matthew Cruz, who was injured in the first games last year, or Sr. DB Sammy Lopez will likely get the starting nod at QB. "We had some depth last year and are eager to prove those players can play this year," Palmer said.

4. HAYDEN: Coach John Estrada's program took another big step last season after reaching the 1A title game. It's something he always strived for at Hayden before leaving the program in 2009. Estrada restored the program's championship hunger since returning four years ago, but he hasn't had his fill just yet. He's got a big incoming freshmen class, and don't be surprised if they get a shot to play immediately. The rebirth of Hayden football also led to 38 kids signing up for football. Estrada didn't see that many new players even while Hayden was in 2A. But with 11 starters returning, he won't have to rely just on the youngsters. Look for the Rodriguez brothers to continue to lead the way. One of the Rod Bros, Jorge (RB/LB), needs to step up and fill the shoes of his brother, Joel, a senior last year, Estrada said. With Hayden graduating two starting running backs, another Rodriguez, Josiel, will likely carry the backfield load. A.J. Castillo, a first-year QB last year, blossomed during the playoffs last season and returns.

5. SALOME: The seniors can't wait to take the field to prove they are better than last year. They also want to wipe away that bad playoff taste. Five turnovers in their second round exit didn't sit well with them. QB Pedro Velasquez, RB/MLB Octavio Martinez, RB/LB Joel Gonzalez and WR/S Fabian Perez are the seniors ready to lead the charge. "This senior group of about 7-8 players have started since they were freshmen," Salome coach Bryan McCarty said. "They've played in huge games." Last year, Salome beat Bagdad for the first time in the past 16 years and had a seven game win streak. It did so despite playing with only 10 players during one stretch. Depth won't be an issue this year, when it welcomes a talented freshman class that won a youth state championship game as 8th graders. The biggest challenge for the team will be finding two offensive linemen, but a majority of the starters are back on defense. Another senior leader is two-year starter Tatum Milts. She lines up at tight end or slot receiver and is a defensive end as well. "She's been amazing," McCarty said. "She's a big leader on the team."

6. MOGOLLON: Ron Tenney is back in the saddle. He was coaching at Mogollon for about 25 years before giving Snowflake a shot. Tenney eventually returned to Mogollon in 2015 to serve as an assistant coach and the superintendent of the Heber-Overgaard Unified School District. Tenney now will wear the head coaching hat again after former coach Tim Slade accepted a position with American Leadership Gilbert North. Mogollon isn't the Mogollon Tenney knew during his first head coaching rodeo. Enrollment has dropped. That means depth will be a big question, and Tenney is shaking the bushes to see if he can find more bodies. "It's a huge challenge," he said. "I'm trying to reach out to kids in the halls and trying to bring back some of that pride of putting on the Mustang uniform." What he won't have to worry about is senior leadership, with Rhett McLaws, Dallin Rice, the Porter cousins, Timmy and Denin, and Bruno Corales on the roster. "I'll lean on those boys and two-year starter Jayk Kelton and Caden Owens, who are juniors," Tenney said.

7. ARETE PREP: Once the new offensive linemen settle in, the offense will be ready to take off once again with QB Matthew McDonald at the controls. The destination: playoffs. Last year, the program won its first playoff game in the school's 10-year history while McDonald, a freshman, piloted the team's air-raid offense. His co-pilot this year just happens to be his brother, Noah, the new No. 1 target for the taller and stronger McDonald. Noa, a senior, will be moved around so opponents won't key in on him as he searches for openings. The biggest challenge is retooling a defense that gave up more than 40 points per game last year. That job goes to the new defensive coordinator, Joe Crawford, the head coach of Apache Junction Imagine Prep last year. Crawford and his crew will have their hands full against some tough region opponents this season. Up first is ranked Mogollon.

8. FORT THOMAS: Last year, the Apaches won their first region championship in 20 years. They intend to defend it with a familiar name running the offense. Todd Stringfellow (25 TD passes last year) is the third Stringfellow brother to run Fort Thomas's offense since 2013. An injury kept Stringfellow from running much in the early part of last season but he's free to take off from the start this season. Fort Thomas also returns its leading rusher, Zack Walker, the reigning region player of the year and son of the head coach. Walker and WR/RB Malachi Rodger will be Stringfellow's main targets in the early going as the team develops a No. 2 option at WR. LG Christian Titla anchors an offensive line that returns three starters. NG Colby Pina (6-2, 340) is also in the trenches to help stop the run and get to the QB. The team will carry about 12-14 seniors, down from the 18 it had last year. But this year's senior class is still big for 1A and big enough to help it win its first playoff game since 2010.

9. JOSEPH CITY: "Last year it was the Cameron Baldwin show," coach Eldon Larsen said. "This year it's more of a team show, and the kids realize that." But don't expect Joseph City to miss the playoffs just because Baldwin and his 1,000-yard rushing-18 TD-100-tackle season is gone. The 2019 Joseph City football committee will still have a director, Latrell Kinlicheenie. The senior threw 16 touchdowns last season in his first year behind center. Look for Joseph City to throw the ball more this year, and they should since it'll start 6-7, 217-pound tight end Jay Edwards as the state's biggest target. But Edwards and Kinlicheenie aren't the only two that have Larsen feeling giddy. "This is one of the first times in a long time that I'm feeling confident in the o-line," said Larson, whose been at Joseph City for about 20 seasons. Reinforcements will come in the form of 12 freshmen, a big class for 1A football.

10. DUNCAN: "I think we are going to start where we left off," said second-year coach Mark Bejarano. "I think we should be in the playoffs. We will be more stronger this year compared to last year." The Wildkats came close to advancing to the second round last year. Its pass defense, the team's Achilles heel last year, should improve with the experience it's returning. The offense now has a year under Bejarano's system and should also improve. The team's starting QB, Jason McGrath, and leading rusher Lucas Basteen return. The offensive line is young and will look to returning center Spencer Smith for leadership. Bejarano graduated from Duncan in 1987. "Go Wildkats," said Bejarano at the end of the phone interview.

Pearson Delivers Touchdowns, Hits and Milk at Williams High

Chance Pearson delivers the vitamin D to his school and touchdowns against the D of opponents.

His mom owns a milk delivery business, and Pearson helps his

mom unload the heavy milk crates early in the morning at different locations. When school starts, one of Pearson's milk stops will be at his school, Williams High in Williams, a city about 30 minutes west of Flagstaff.

On the football field, 1A Conference teams are already planning how to halt Pearson and preseason No. 1 Williams. But stopping the hard-working Pearson and his very experienced and motivated team won't be easy.

Injuries to key starters, including Pearson, hampered Williams' chances of playing for the 1A title last year.

"I'm really ready," Pearson said. "That's been my whole summer, thinking about this season."

There was no summer break for Pearson.

He spent a good portion of his summer in Utah training and recovering from a lower leg injury he suffered in the first round of the 2018 playoffs. The 18-year-old lived on his own for two months while training at Stroformance, a high-performance training facility in Utah, and flipping pizzas at a Domino's.

He was supposed to stay at the Utah home of relatives but didn't want to stay in a big house by himself. So his parents helped him find an apartment.

"I did mature a whole lot," he said. "I think it got me prepared for college and be able to fit right in with the college flow."

The 5-foot-10, 196-pound running back/linebacker also got stronger and faster, improving his bench press from 270 to 305 pounds. Pearson has rushed for 2,314 yards, scored 50 touchdowns and accumulated 193 tackles in 28 career games.

The heavy workload is expected to continue for Pearson on and off the field this season. In the morning, during the school week, he'll load his truck with milk crates and make deliveries to a middle school once or twice a week and then also to Williams High.

"It's the same milk I drink at lunch," he said. "I've definitely enjoyed doing it (the job). I know for a fact it has really disciplined me, getting up early. It's hard work lifting 50-60-pound milk crates. It's more of the school of hard knocks."

The 3.4 GPA student wants to continue playing football in college.

Working with a sports rehab specialist during his recovery inspired him to want to study sports medicine.

"My biggest goal is to get a scholarship so my mom doesn't have to pay for college and not have that burden," he said. "I love the game of football and have been playing it since I was four or five. I want to show that no matter where you come from you can do big things. I would like to be a role model for folks. I don't like seeing people go down bad paths. They can do good."

Blake Drew (146 receiving yards).

Returning starters on defense, 2018 stats: Sr. DE Garrett Urquides (44 tackles, 3 sacks); Sr. DL Gage Statler (25 tackles); Jr. CB/ILB Blake Drew (21 tackles).

Team's biggest question marks heading into summer: Experience, depth.

2019 expectations: Commitment.

Need to fill one position on offense and defense.

2019 expectations: Play one game at a time. Win our region. Get into the playoffs. Win a state title.

More about the program: Injury bug hurt us last year and could not compete in the semifinal game after going 9-0. We had five starters out. The team is hungry to get back on the field.

Region note: **El Capitan** will look to continue the momentum it gained during last season's 42-26 season ending victory over Fredonia.

Bagdad

Head coach: Dalton Mills.

Years as school's head coach: 8.

2018 record: 7-4.

Returning starters on offense, 2018 stats: Sr. WR Kaylab Owings 5-11, 165 (405 receiving yards 5 TDs, 1,080 all-purpose yards); Sr. RB Carson Jeans 5-10, 180 (957 rushing yards, 10 TDs); So. QB Connor Watson 5-10, 165 (606 passing yards, 575 rushing yards 7 TDs); Sr. OL Weston Harrison 5-10, 225; Sr. WR Zaac Vasquez 5-10 (243 receiving yards, 3 TDs), 130; Sr. TE Riley Young 5-10, 170; Sr. OL Brady Finnerty 6-3, 245; Sr. OL Jayse McDonald 6-2, 260.

Returning starters on defense, 2018 stats: Sr. DB Kaylab Owings 5-11, 165 (29 tackles, 6 INTs); Sr. LB Carson Jeans 5-10, 180 (67 tackles); So. DB Connor Watson 5-10, 165; Sr. DB Elias Jauregui 5-7, 150 (53 tackles, 3 INTs); Sr. LB Riley Young 5-10, 170 (42 tackles); Sr. DL Brady Finnerty 6-3, 245 (66 tackles, 17 sacks); Sr. OL Jayse McDonald 6-2, 260.

Also keep an eye on: Jr. QB Rocky Sandoval 5-7, 155; Jr. OL/DL Steven Peterson 5-11, 180; So. DL Garret Reeves 5-11, 165; So. LB Elijah Aguilar 5-8, 165; So. DB Aden Pillsbury 6-0, 155.

Strengths of offense heading into summer: QB Connor Watson has a year experience now. We have 2 good Running Backs in Carson Jeans & Elias Jauregui. We have experience at every position except center.

Strengths of defense heading into summer: We return seven starters. Carson Jeans is the leader of this unit. Kaylab Oweings

was a leader in 1A in interceptions last year. Look for Brady Finnerty to dominate this side of the ball.

Team's biggest question marks heading into summer: Not sure who the leaders are. Looking for a starting center. It's time for the senior class to prove themselves.

2019 expectations: To put the work into this season to be a favorite. Win a state championship. Stay healthy. Be more of an explosive offense this year.

Region notes: **Phoenix Day School for Deaf** junior Brian Lynch got off to a great start last year, rushing for 724 yards and 14 touchdowns after the first month of play. PDS won three games last year, its best win total since 2012. ... **San Pasqual** will see if it can continue to score like it did in two of its three final 2018 games, when it scored 94 points in the final weeks of the regular season. The team failed to find the end zone much in the first half of the season. ... **Mohave Accelerated** snapped its two-year winless streak last year. ... **Anthem Prep** had one of the best turnarounds in 2018, when it won a program high four games after a winless season two years ago.

1A South Region notes: **Baboquivari** didn't win a game two years ago but had a promising 2018 after winning two games. ... With a 5-4 record, Coach Braden Davis' boys at St. David bounced back last year after a 1-7 year in 2017. Logan Davis, a junior, threw 17 touchdowns last year and completed 68 percent of his passes. **St. David** graduated its leading rusher but Talon Haynie, who rushed for 358 yards last year, was a sophomore. St. David returns five receivers who each had at least 15 receptions last year. Junior Kason Jacquez had 87 tackles last year. ... At 2-6 last year, **Valley Union** suffered its first losing season since 2013. But the team was very young with only two seniors on the roster.
